

Representative paired channel 1: raw-x polynomial

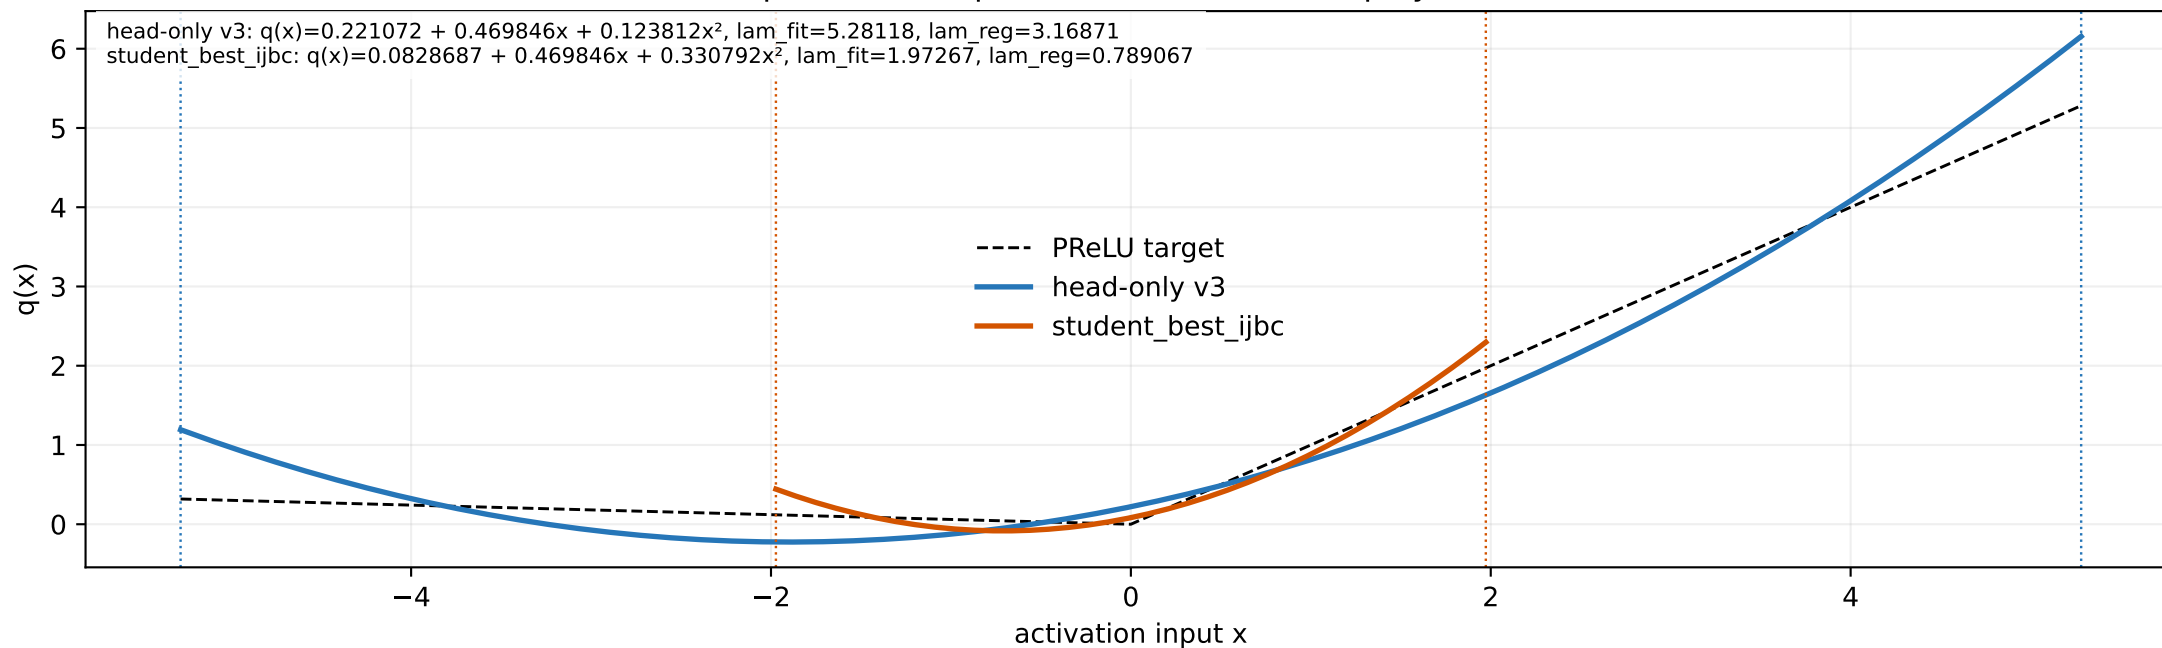

All channels in own normalized interval

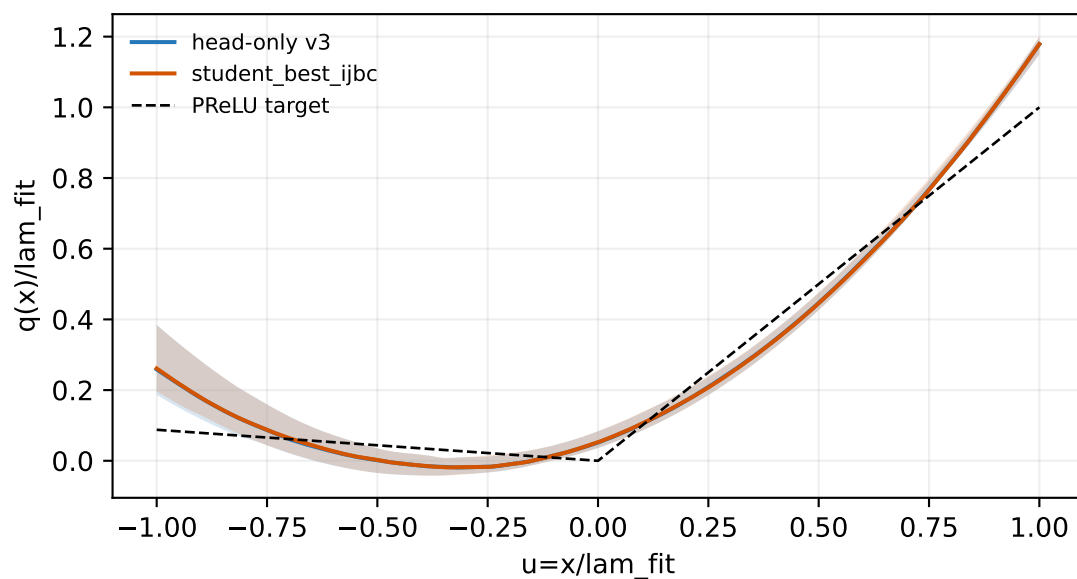

Every channel (ordered by left lam_fit)

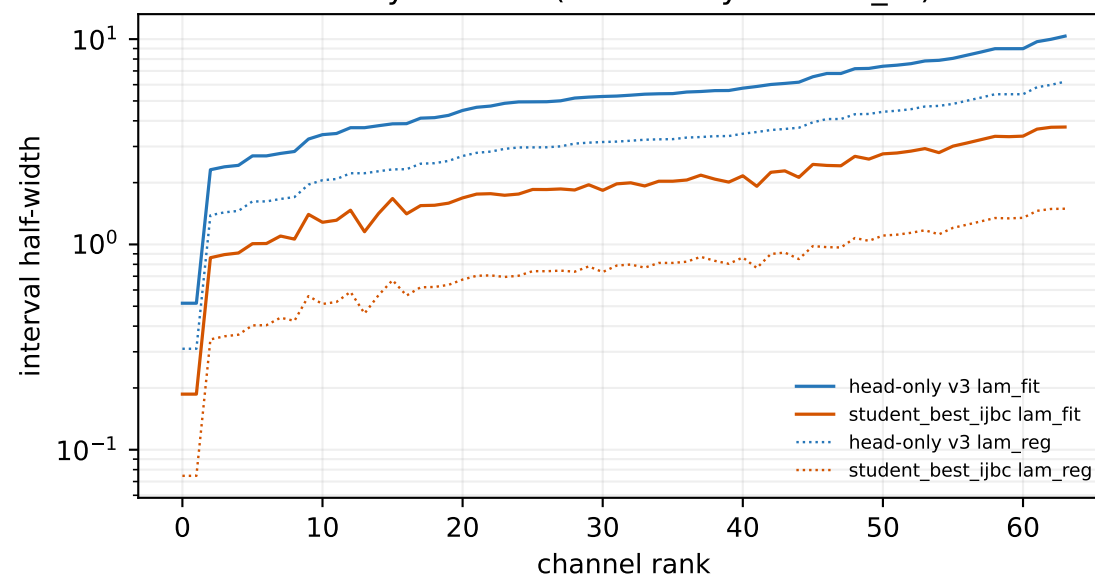

Representative paired channel 4: raw-x polynomial

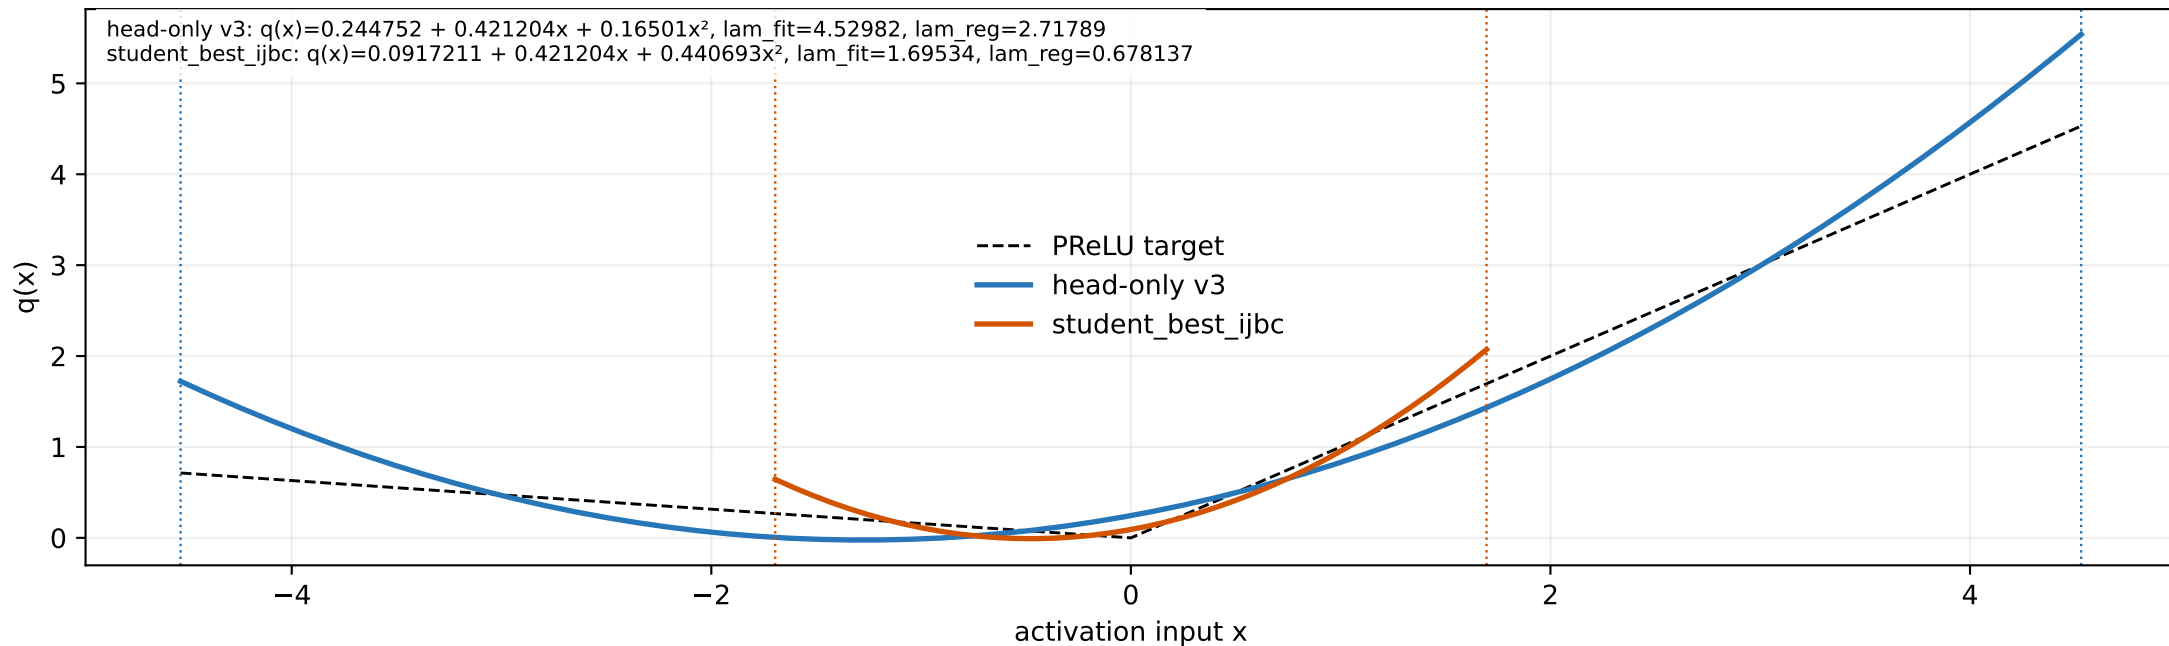

All channels in own normalized interval

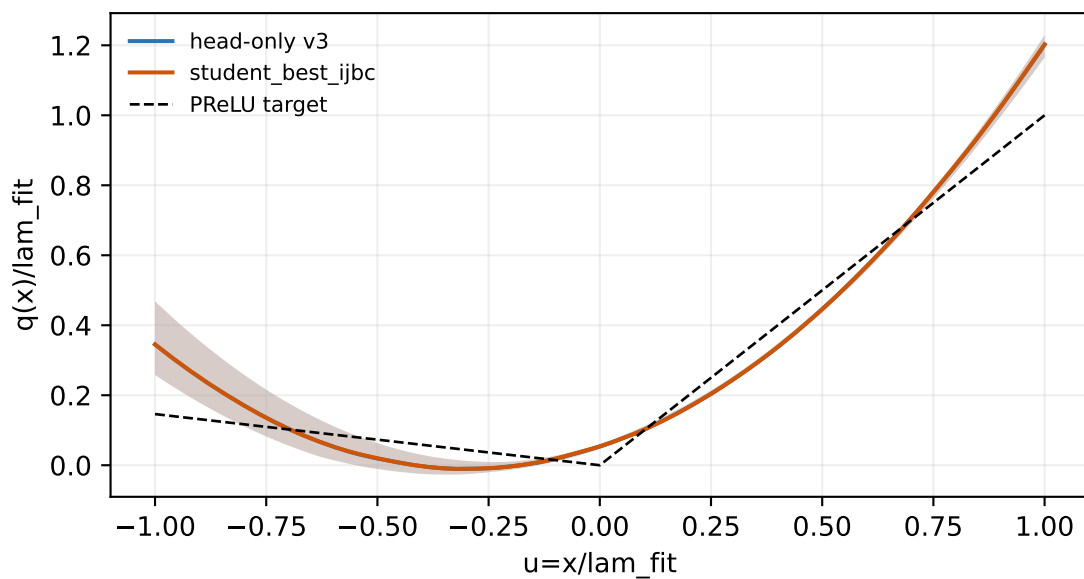

Every channel (ordered by left lam_fit)

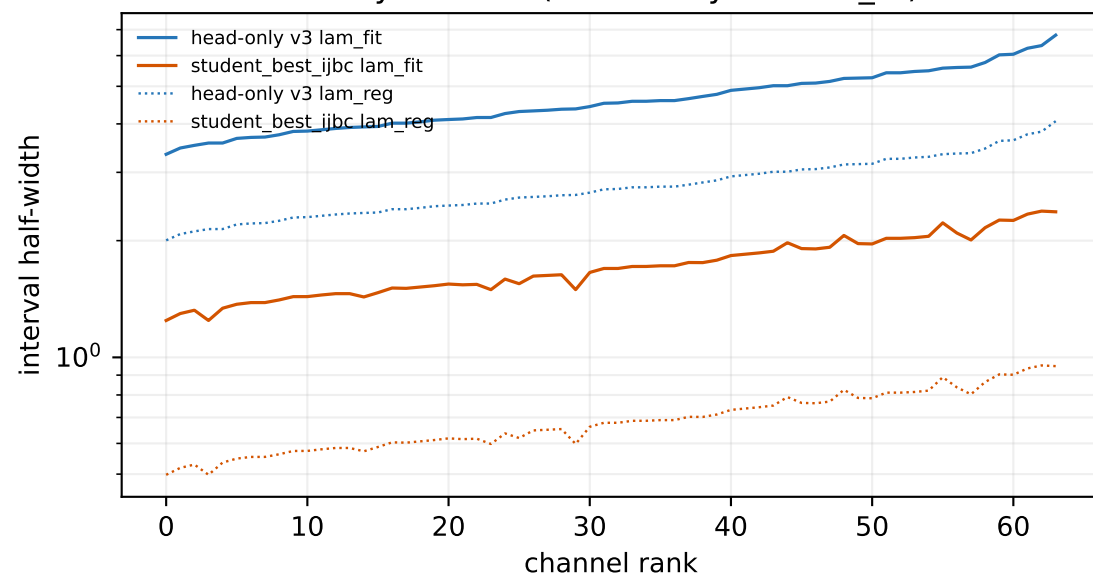

Representative paired channel 44: raw-x polynomial

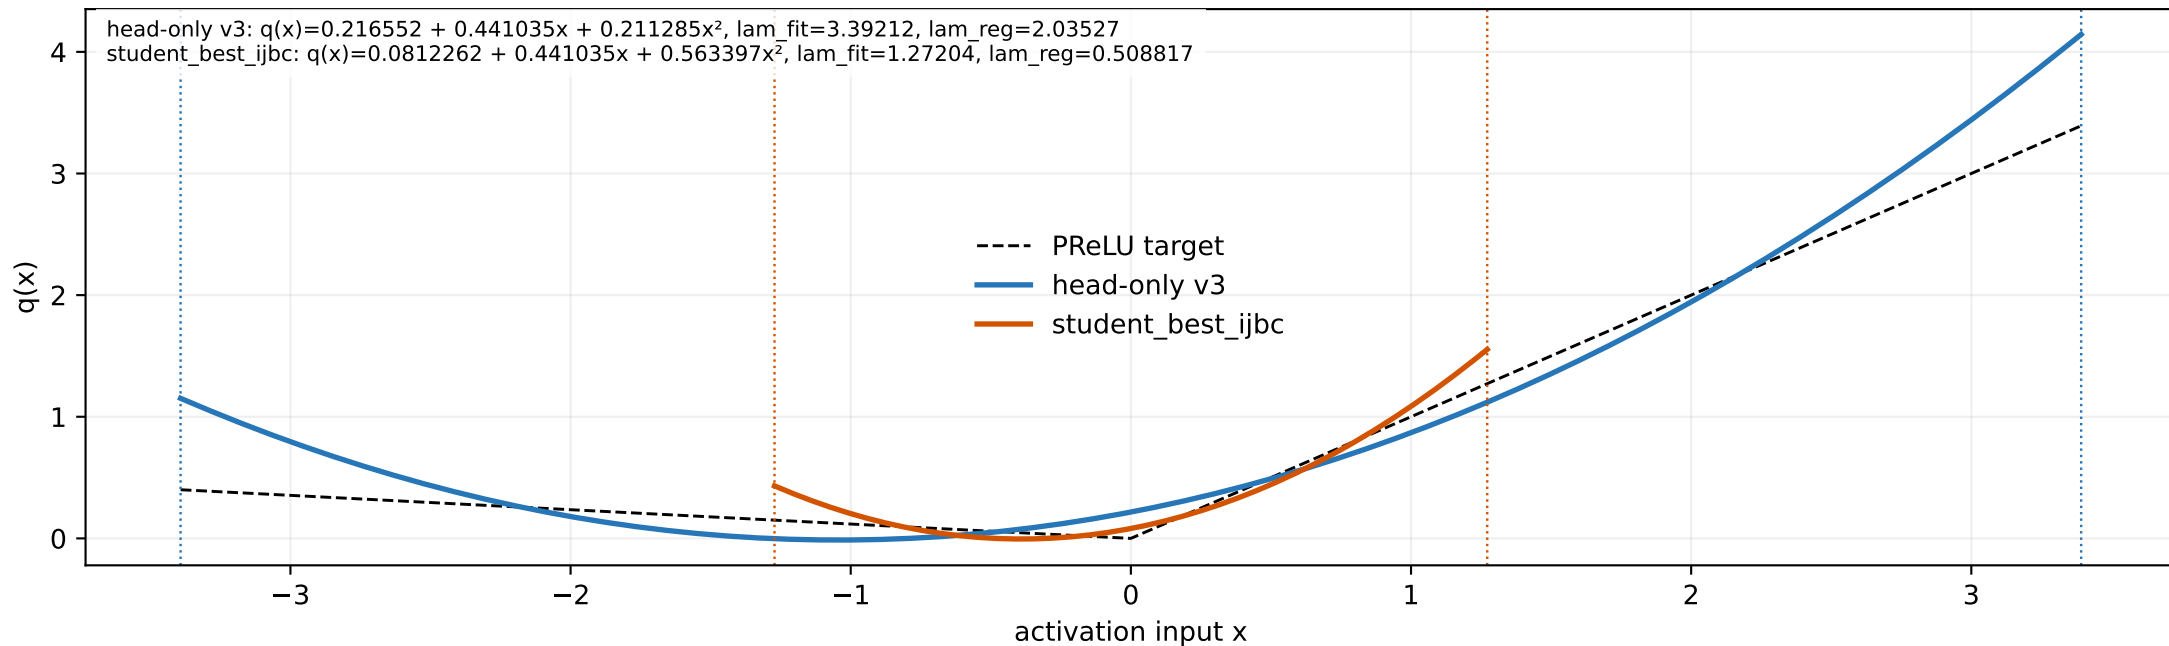

All channels in own normalized interval

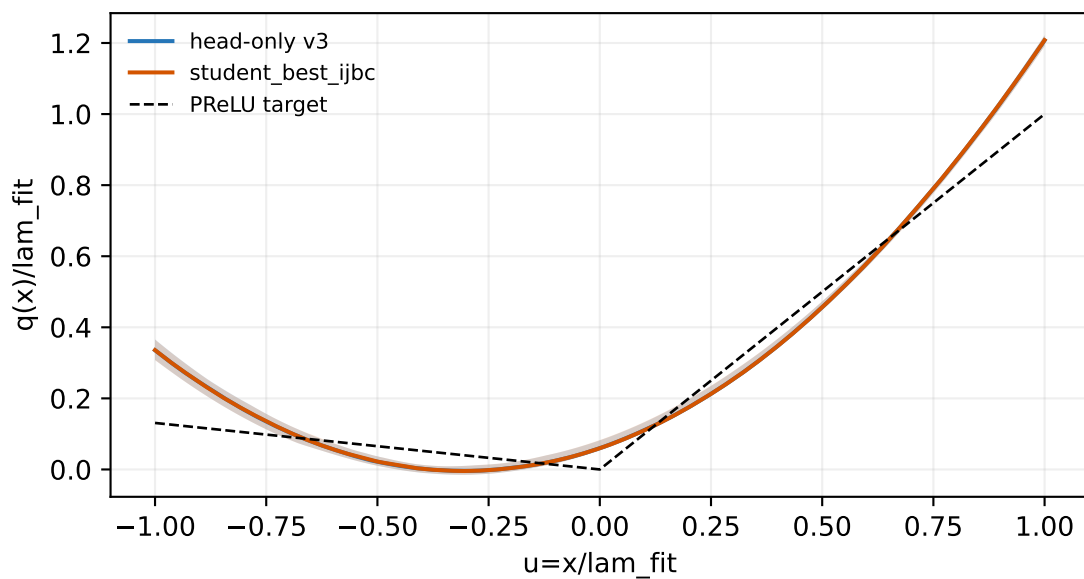

Every channel (ordered by left lam_fit)

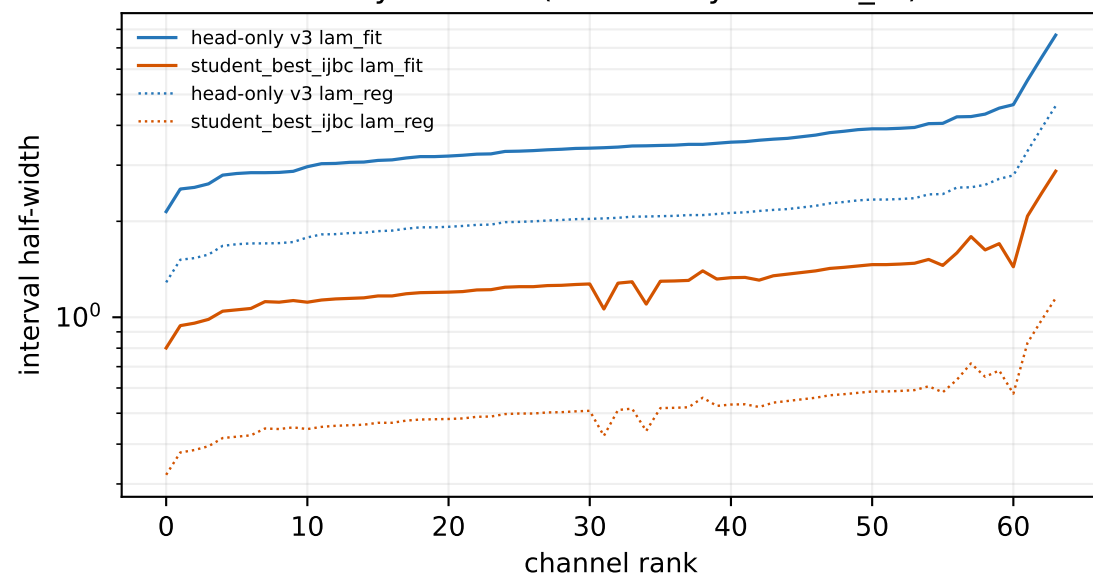

Representative paired channel 51: raw-x polynomial

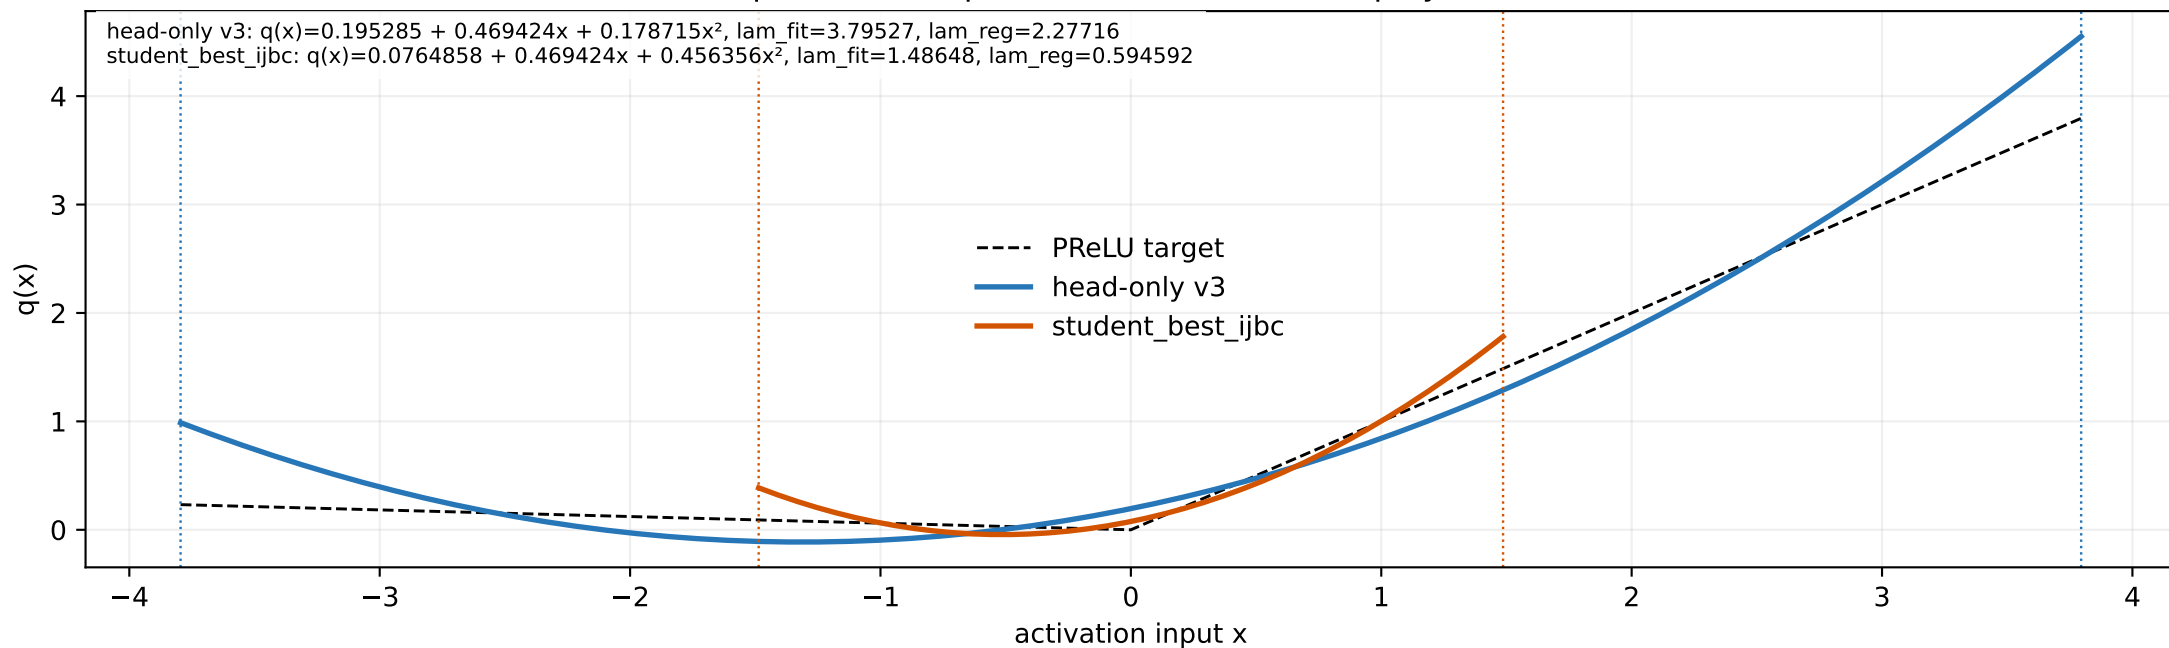

All channels in own normalized interval

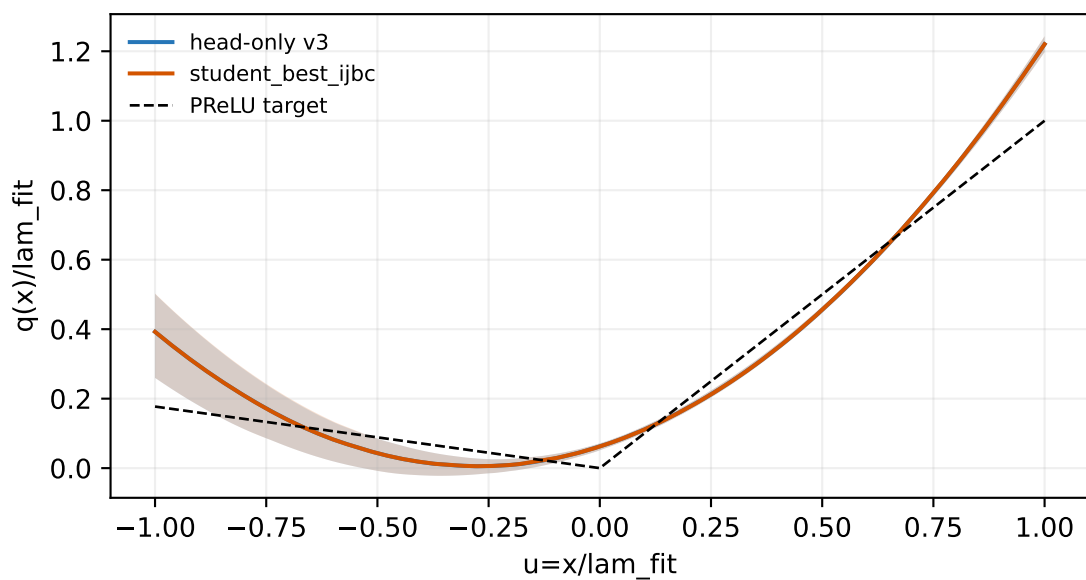

Every channel (ordered by left lam_fit)

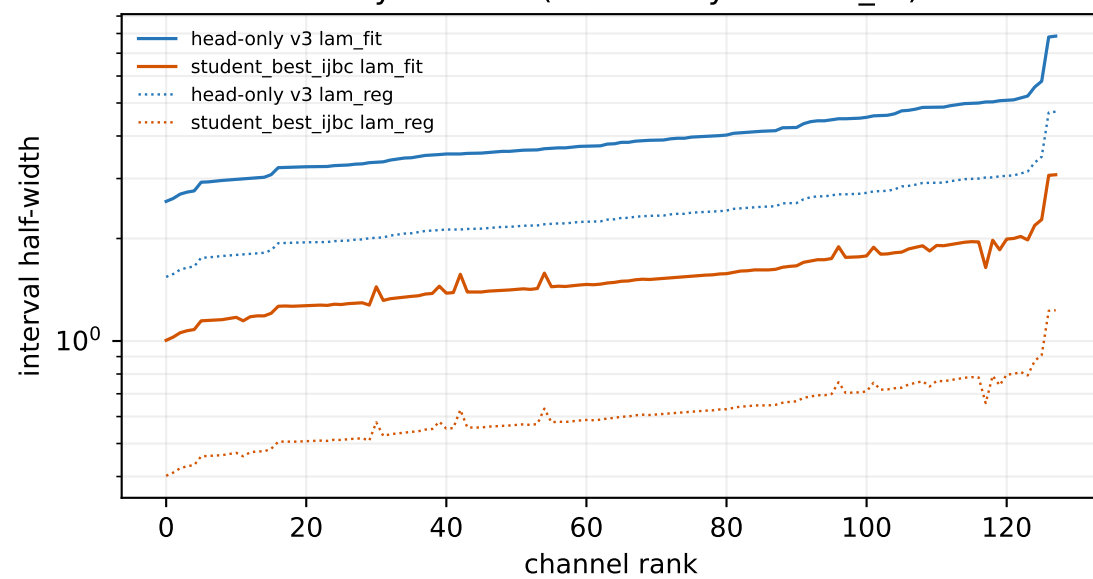

Representative paired channel 32: raw-x polynomial

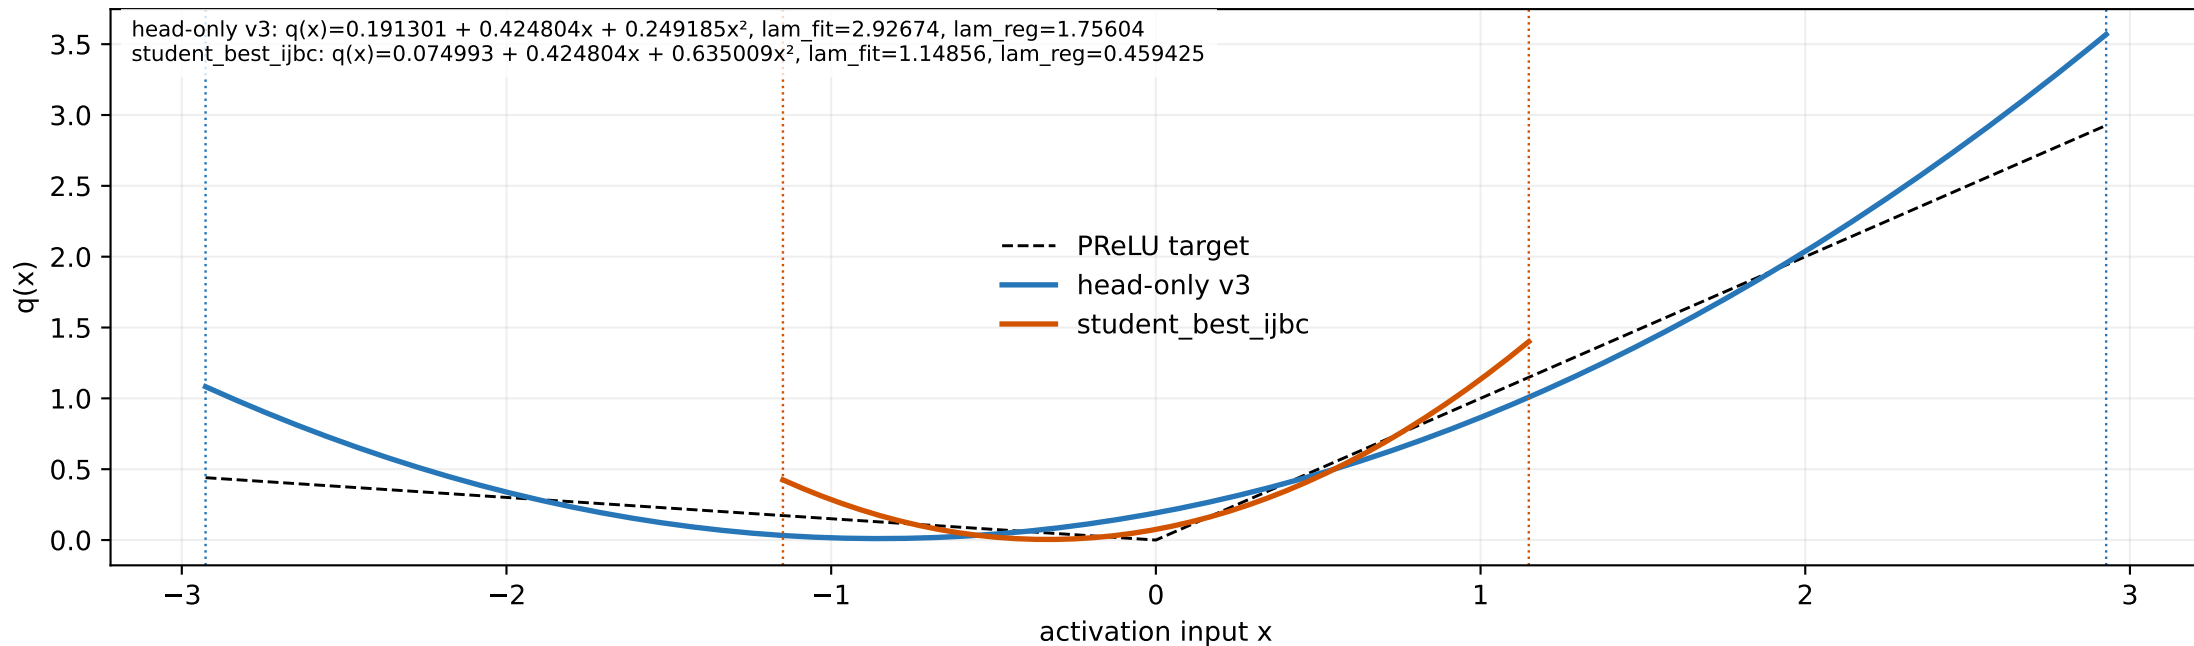

All channels in own normalized interval

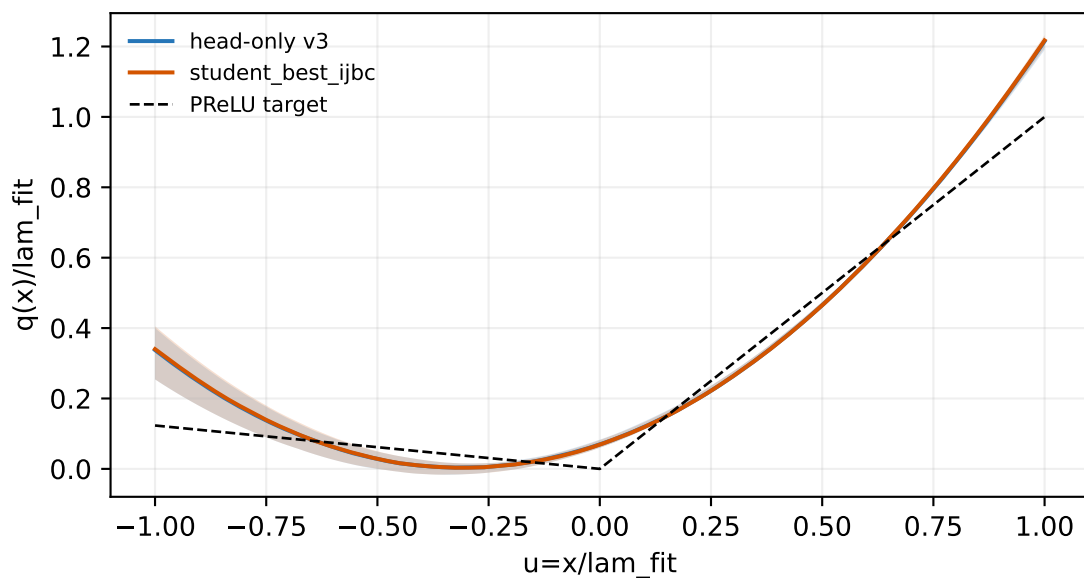

Every channel (ordered by left lam_fit)

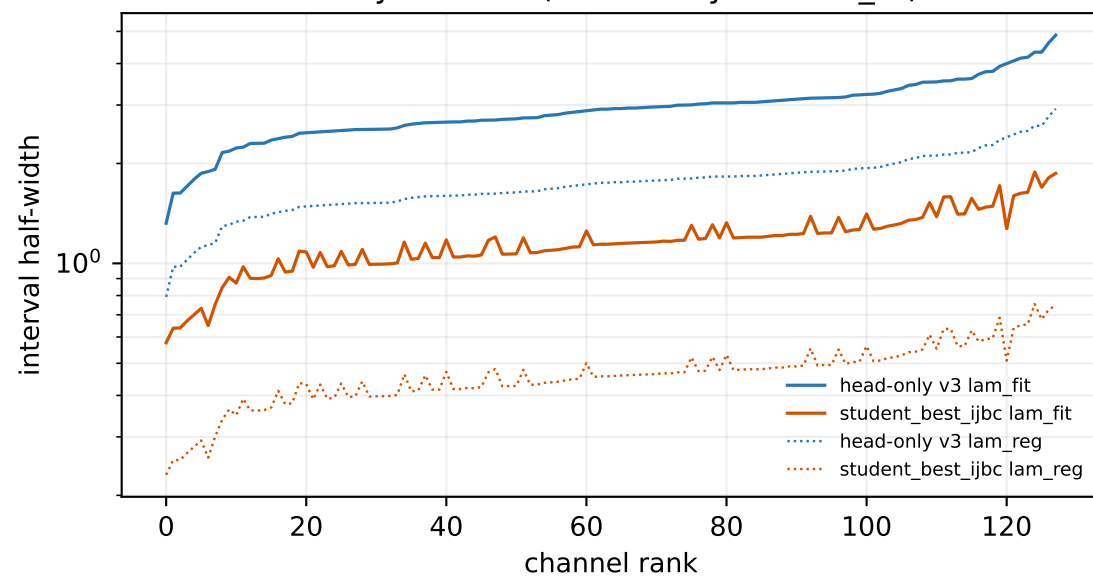

Representative paired channel 125: raw-x polynomial

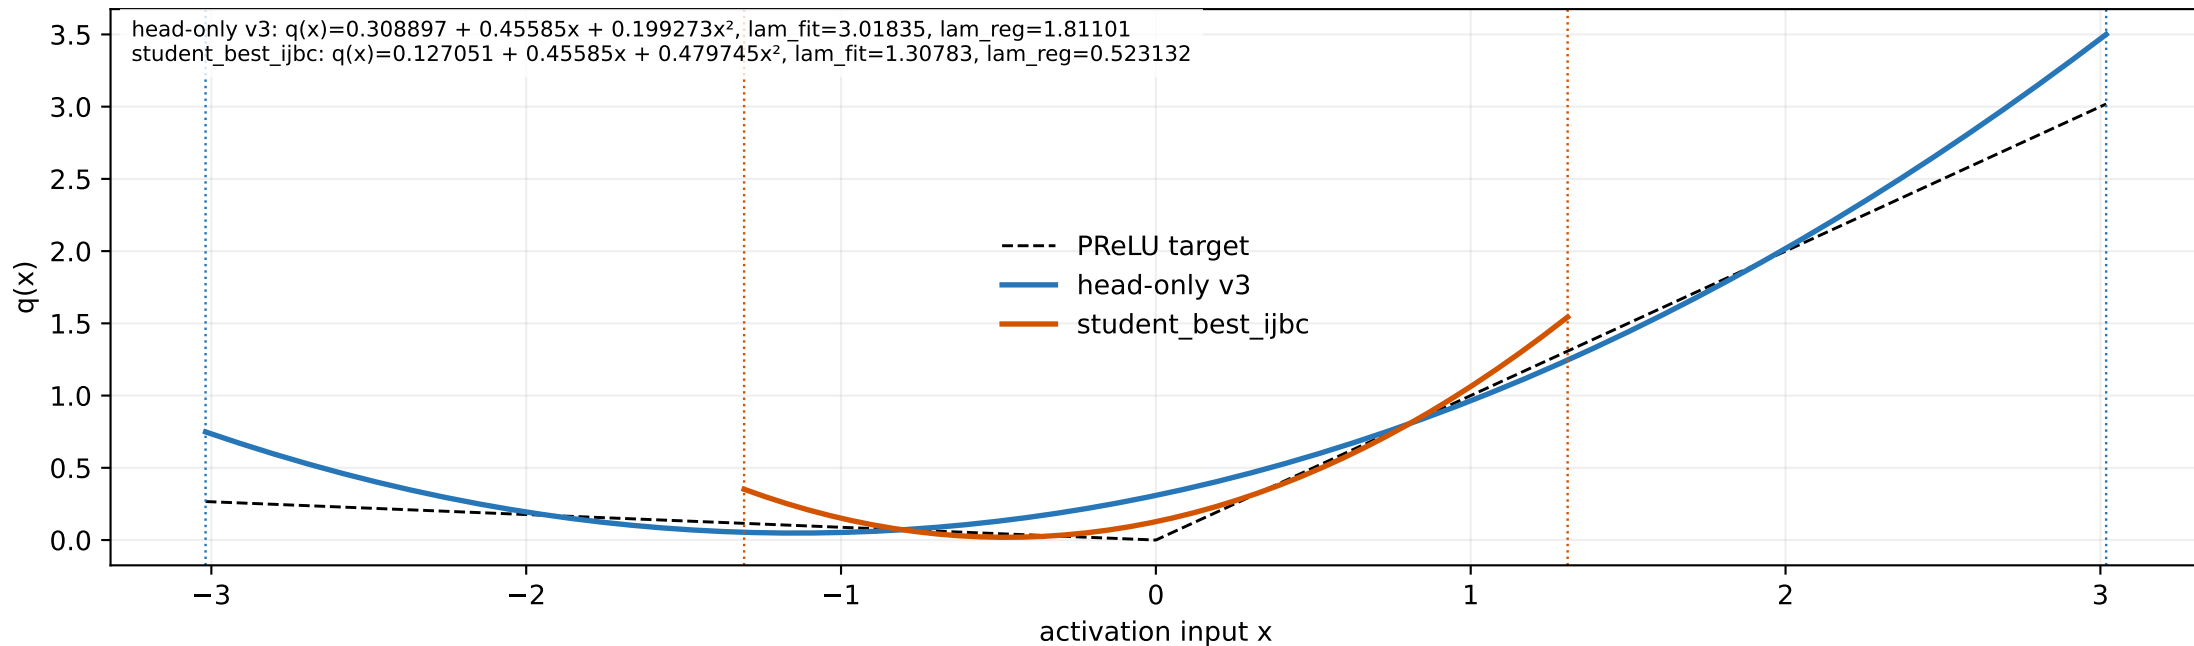

All channels in own normalized interval

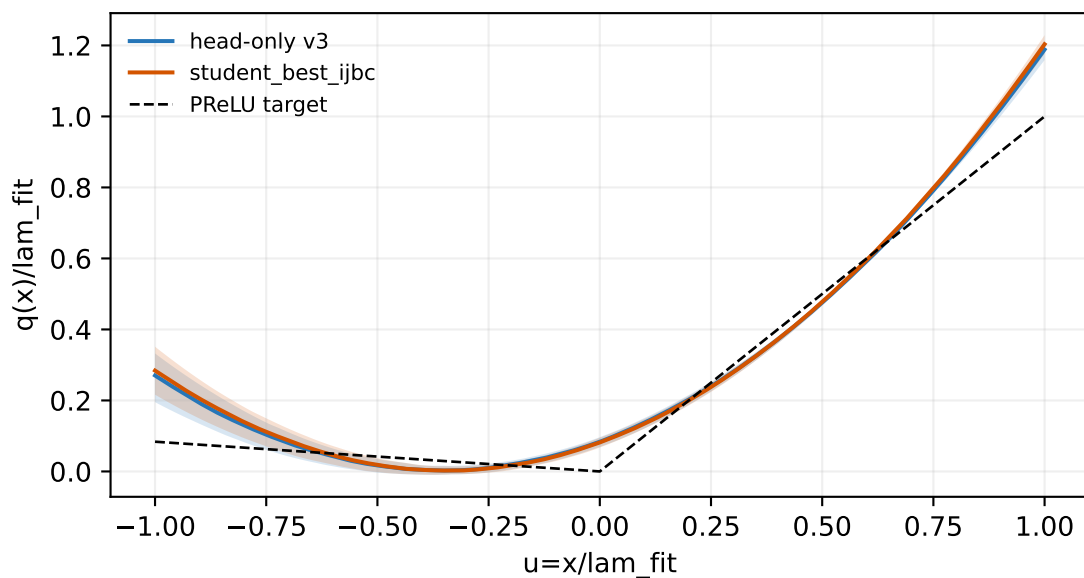

Every channel (ordered by left lam_fit)

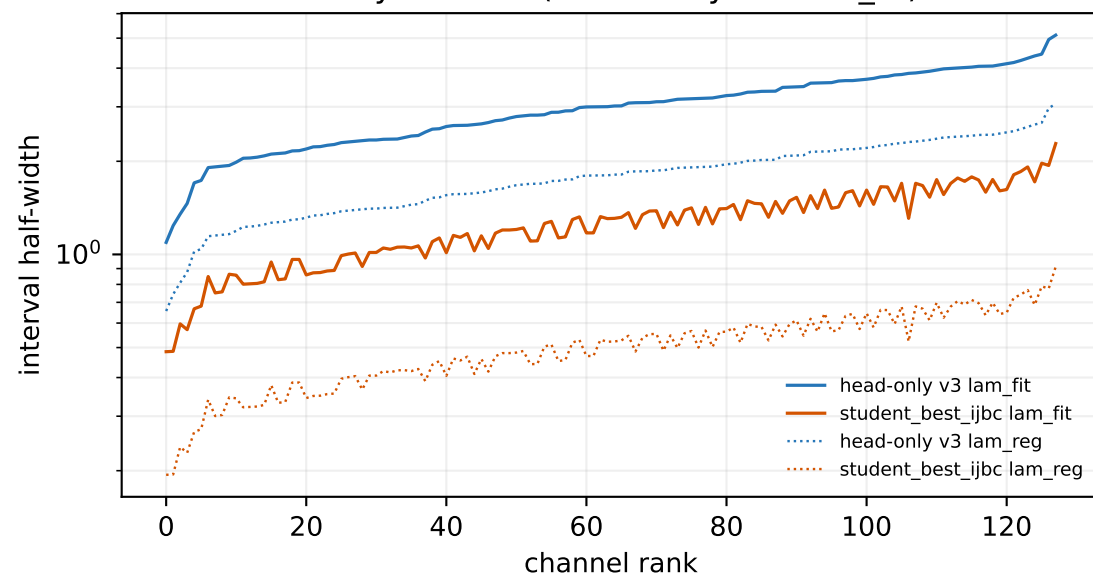

Representative paired channel 97: raw-x polynomial

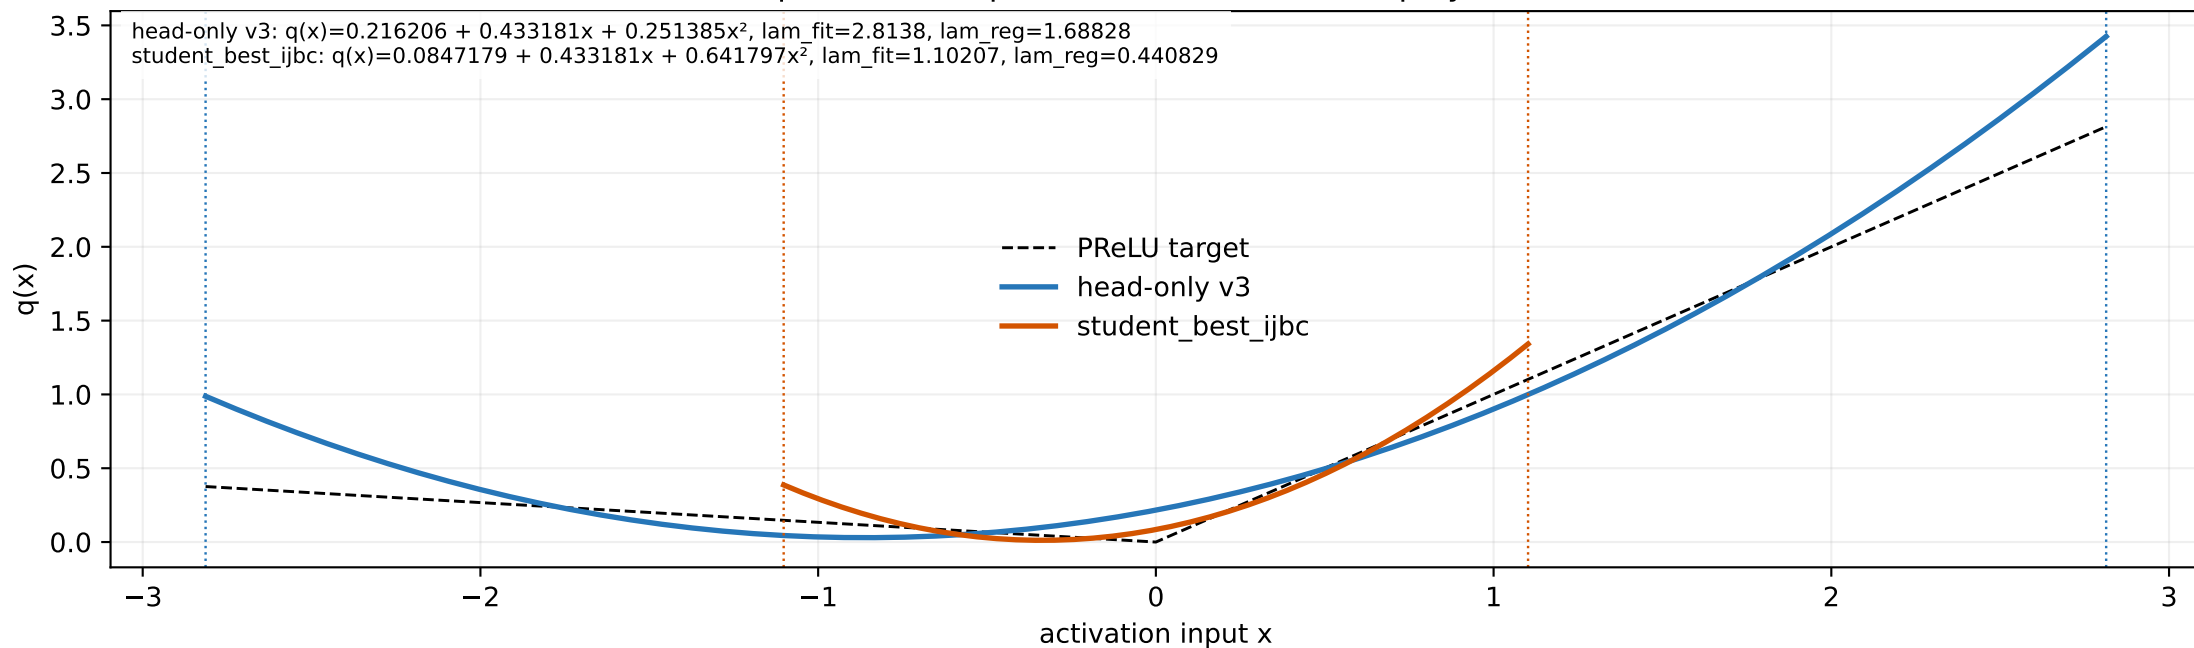

All channels in own normalized interval

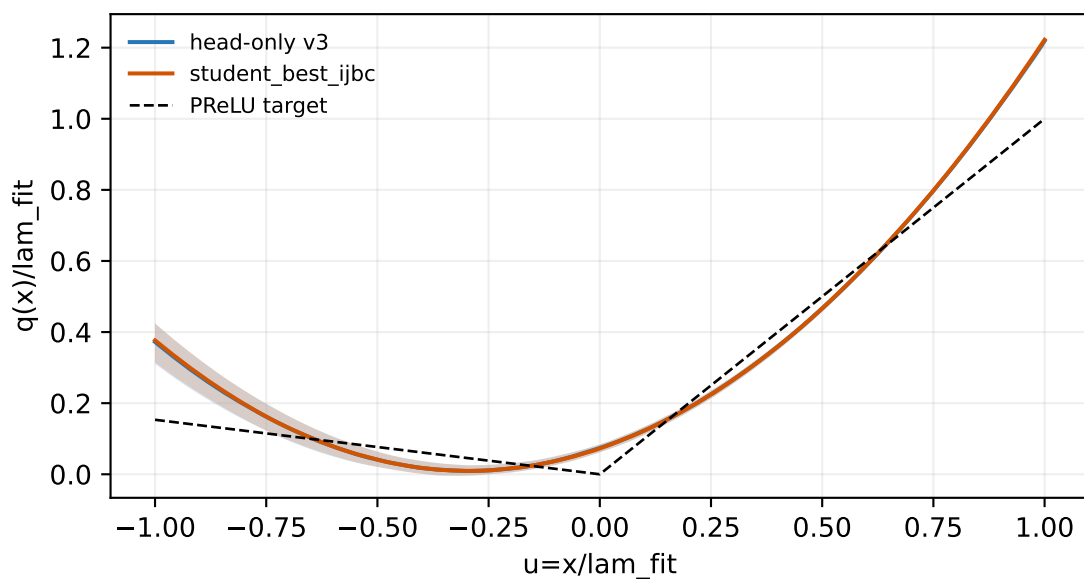

Every channel (ordered by left lam_fit)

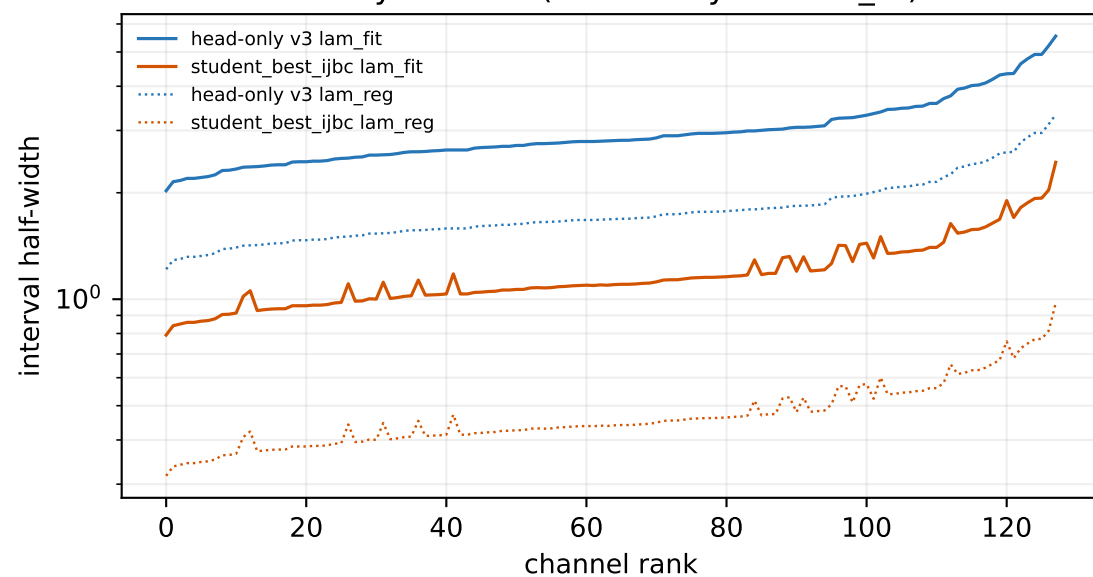

Representative paired channel 79: raw-x polynomial

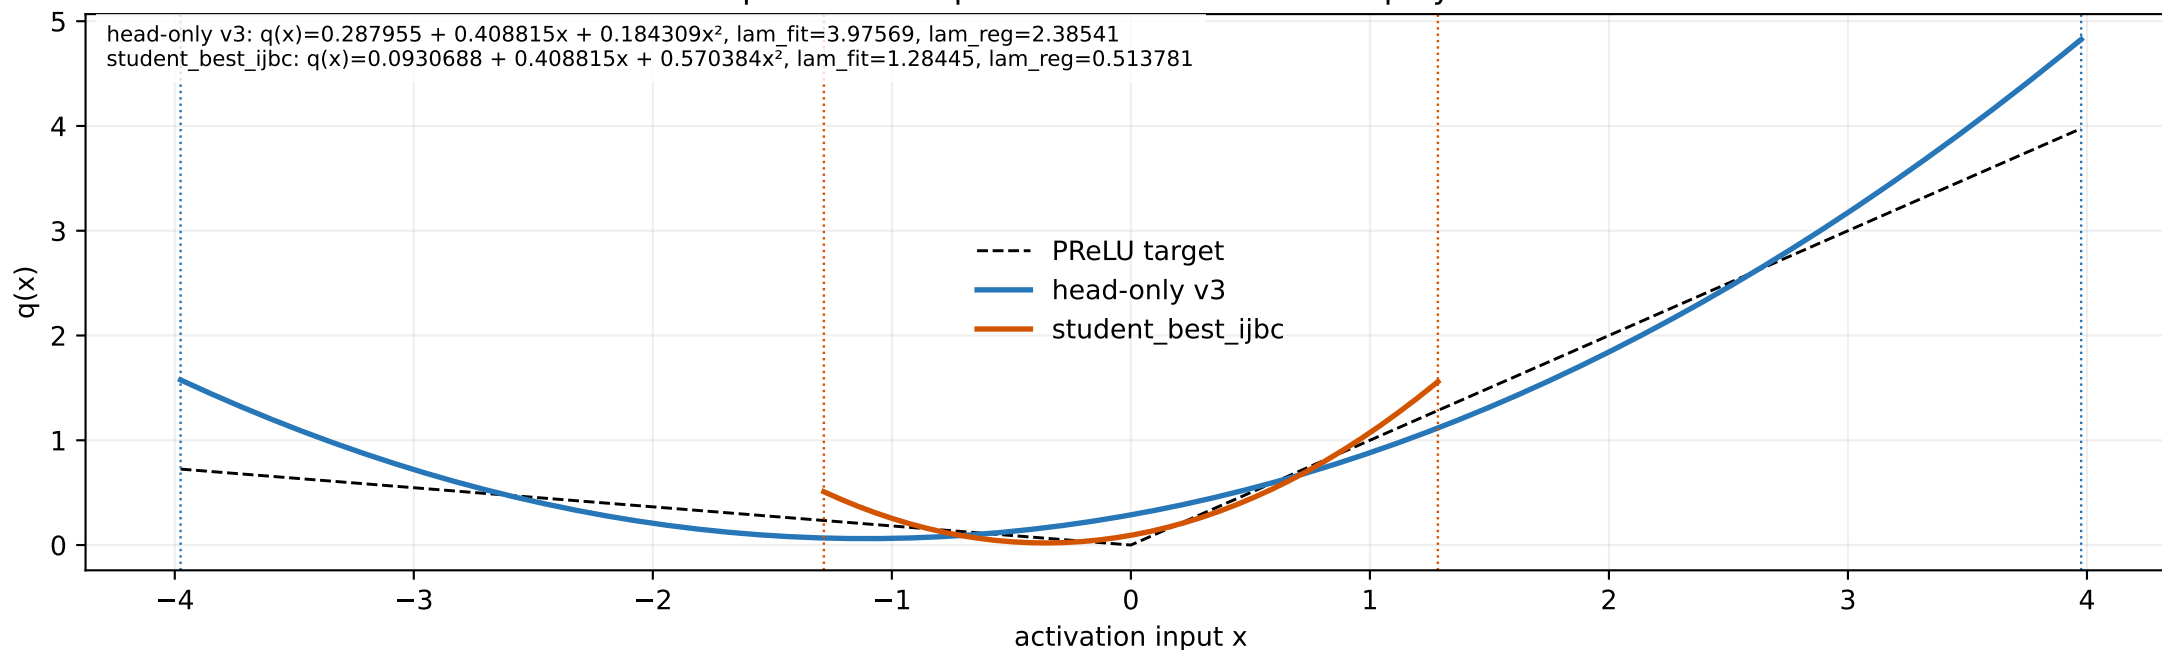

All channels in own normalized interval

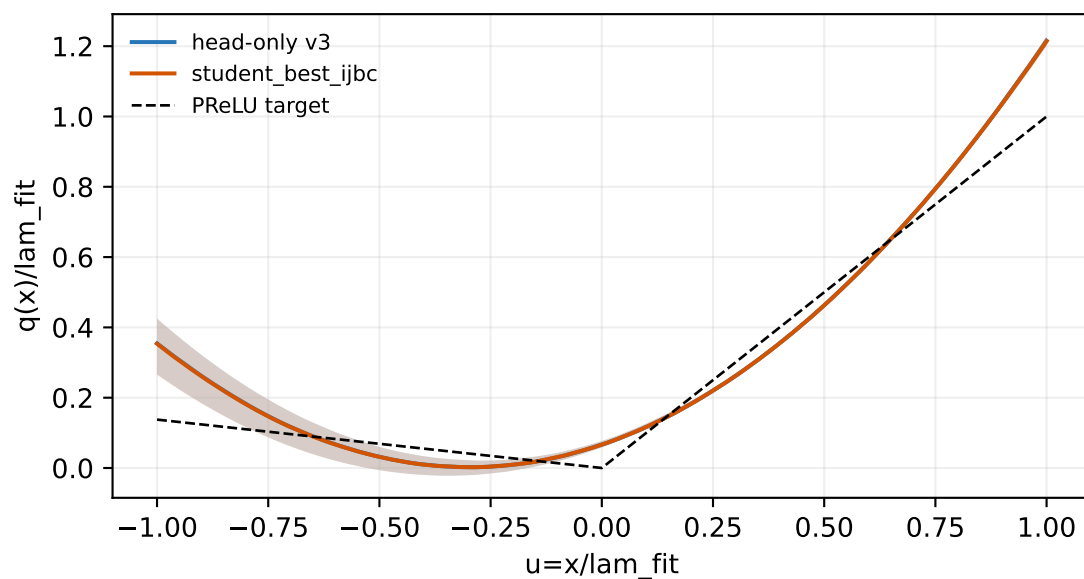

Every channel (ordered by left lam_fit)

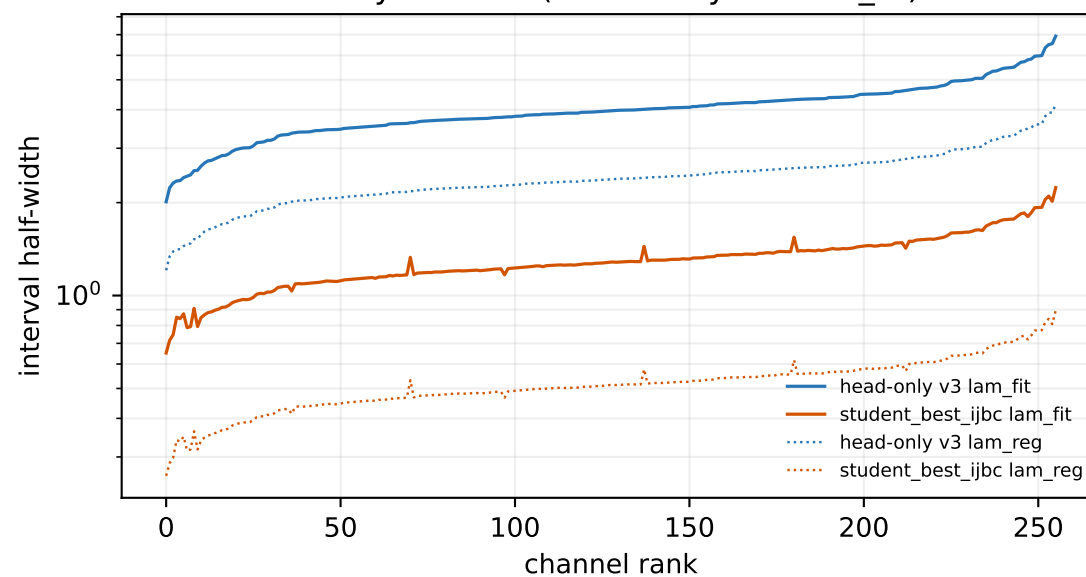

Representative paired channel 121: raw-x polynomial

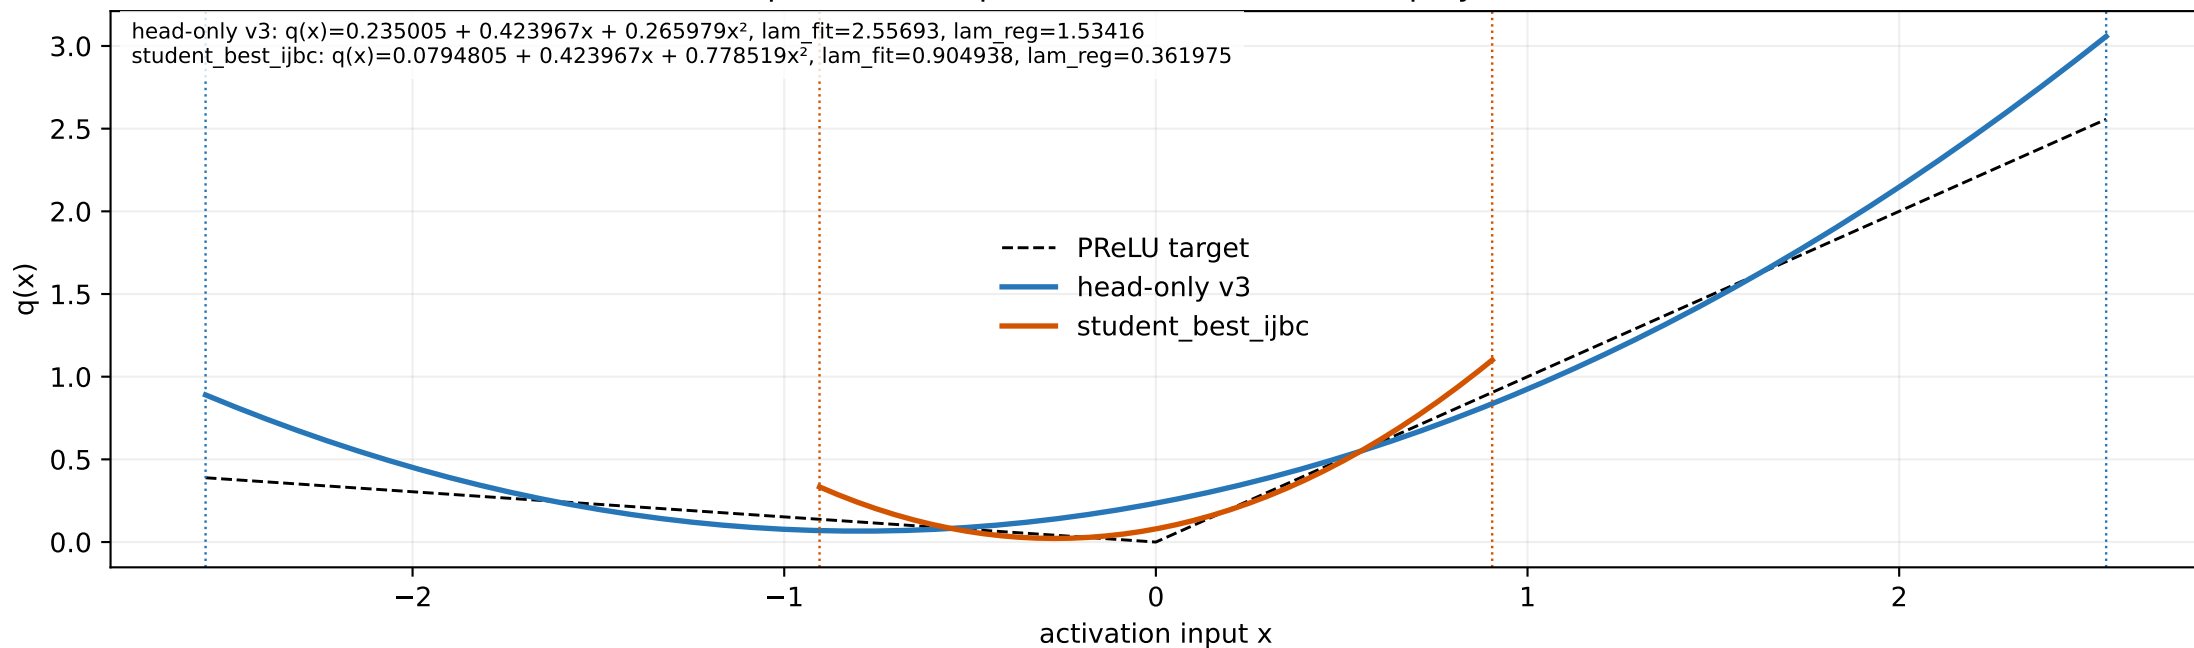

All channels in own normalized interval

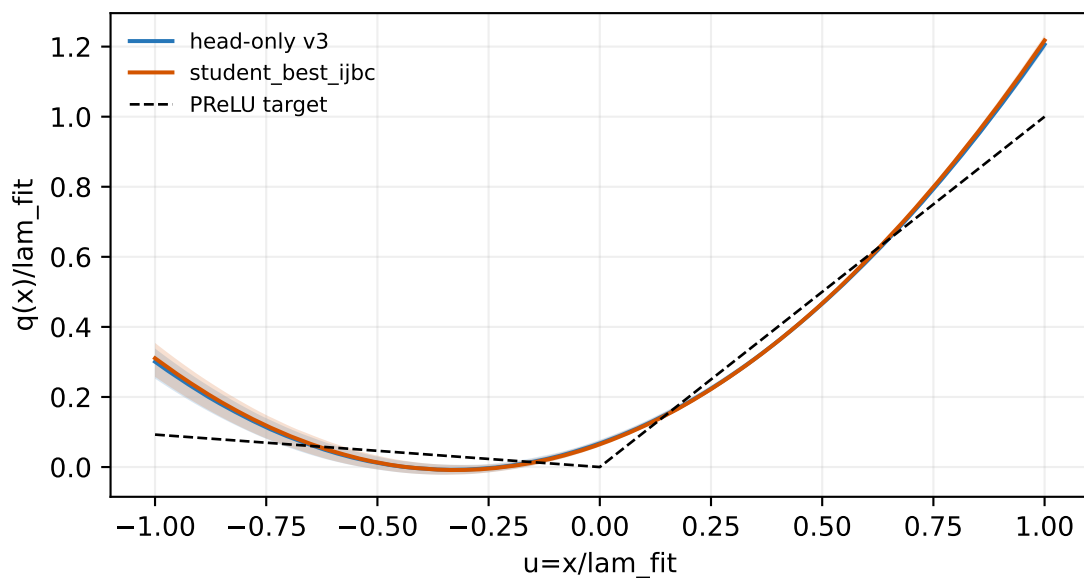

Every channel (ordered by left lam_fit)

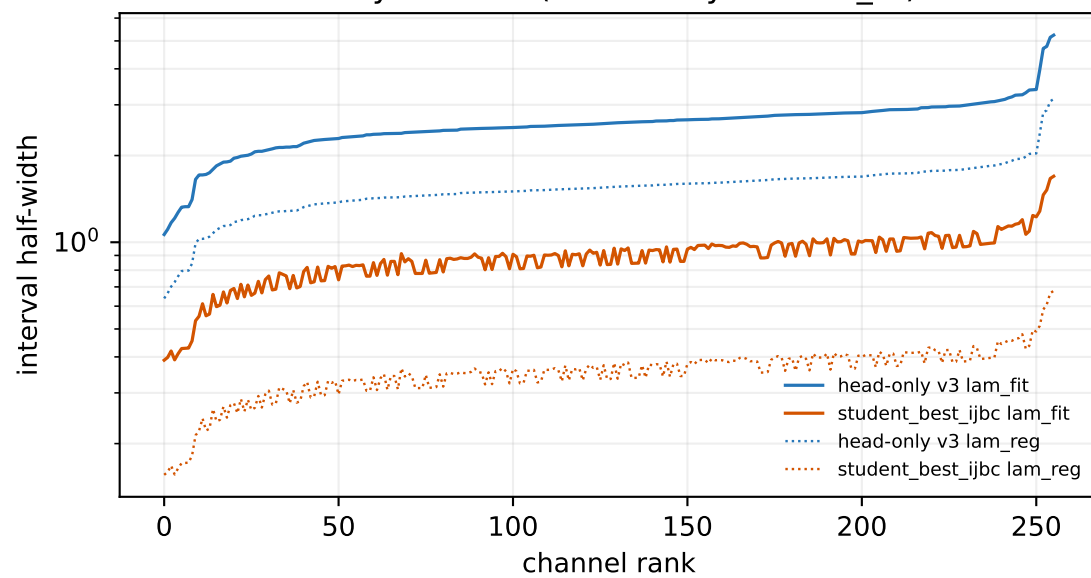

Representative paired channel 186: raw-x polynomial

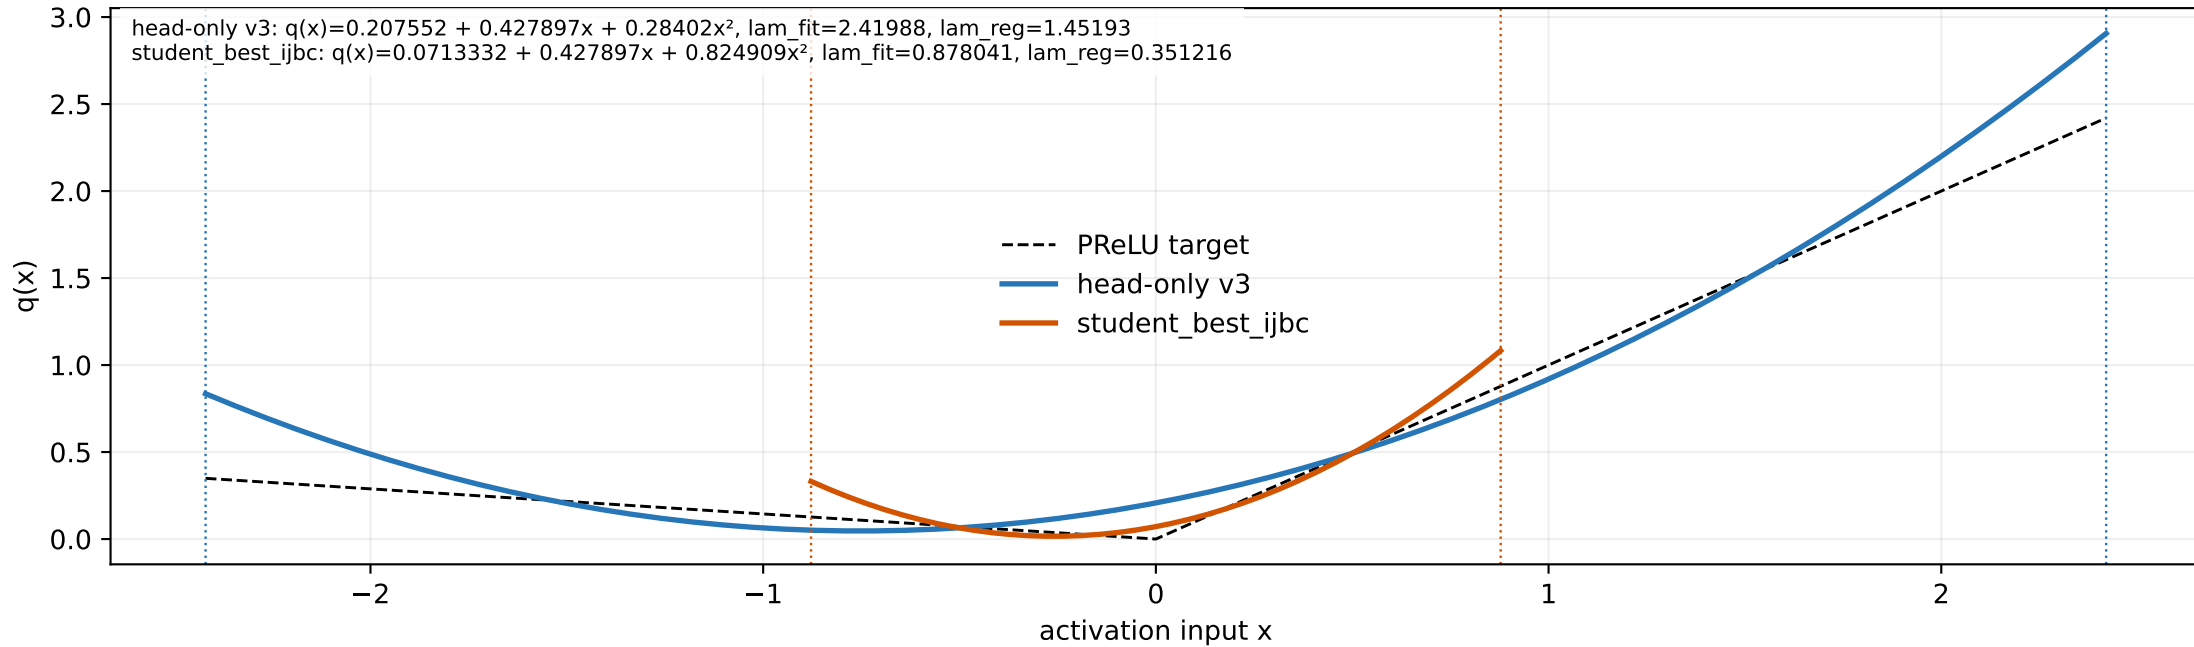

All channels in own normalized interval

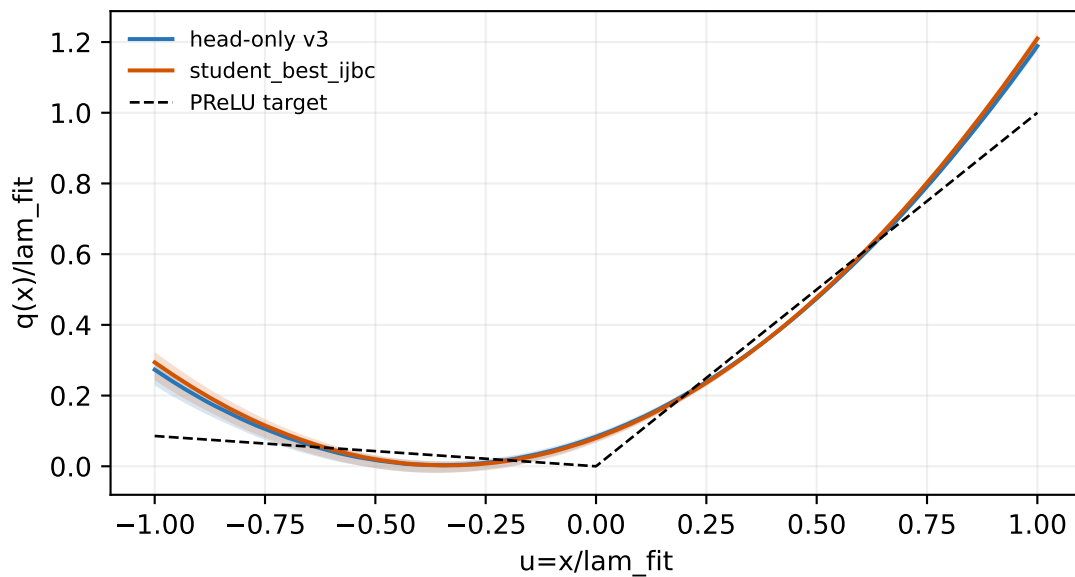

Every channel (ordered by left lam_fit)

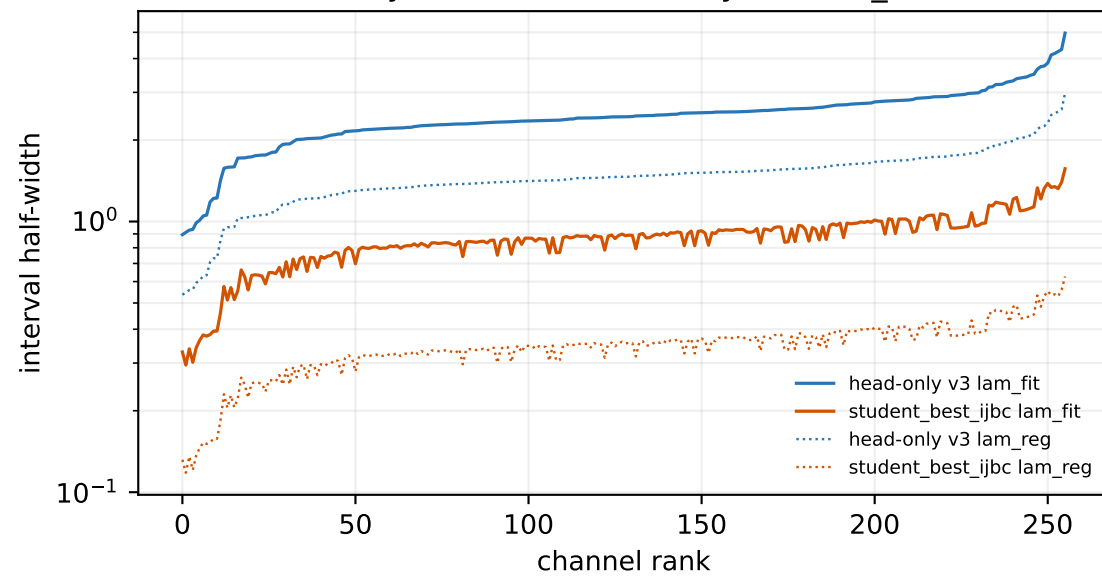

Representative paired channel 37: raw-x polynomial

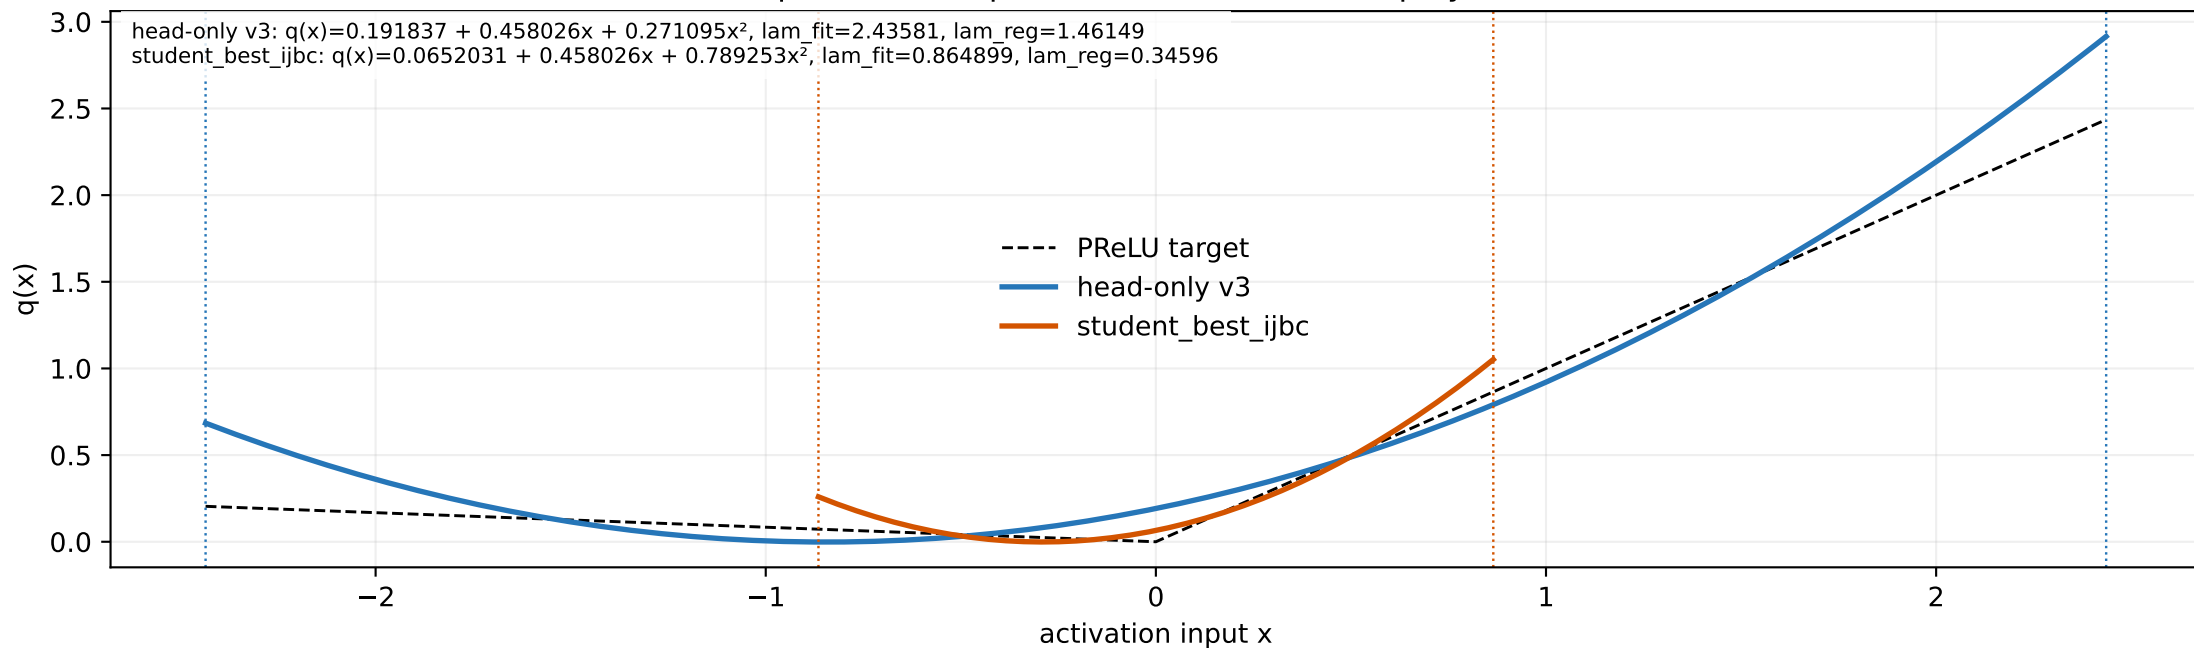

All channels in own normalized interval

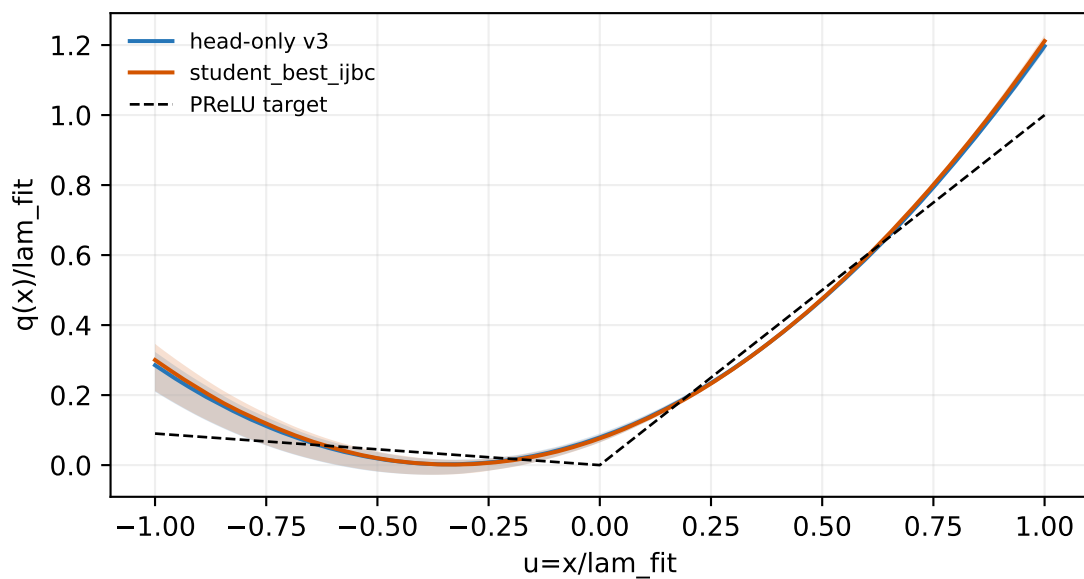

Every channel (ordered by left lam_fit)

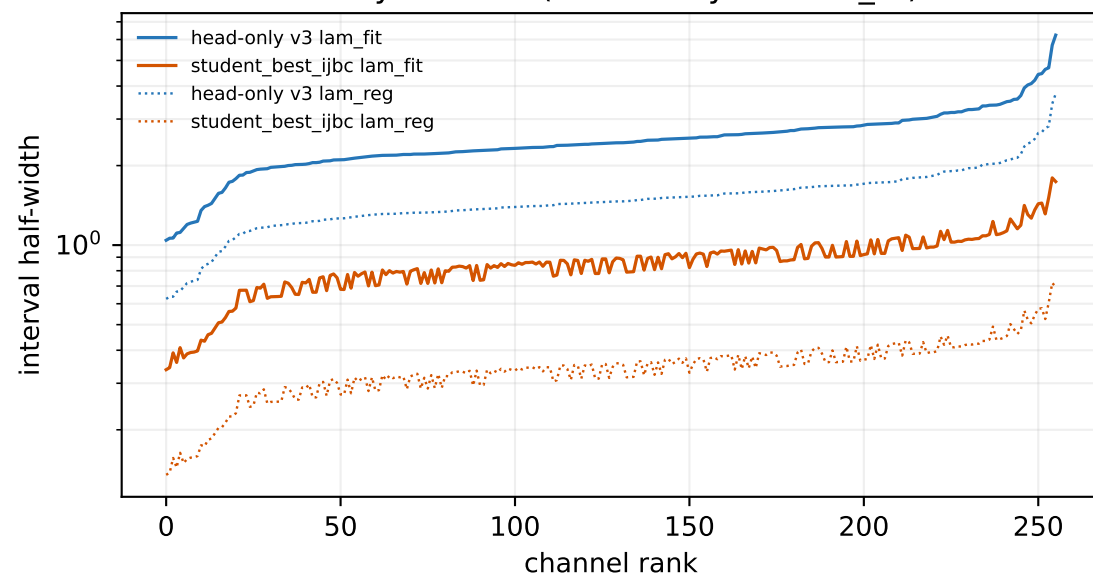

Representative paired channel 69: raw-x polynomial

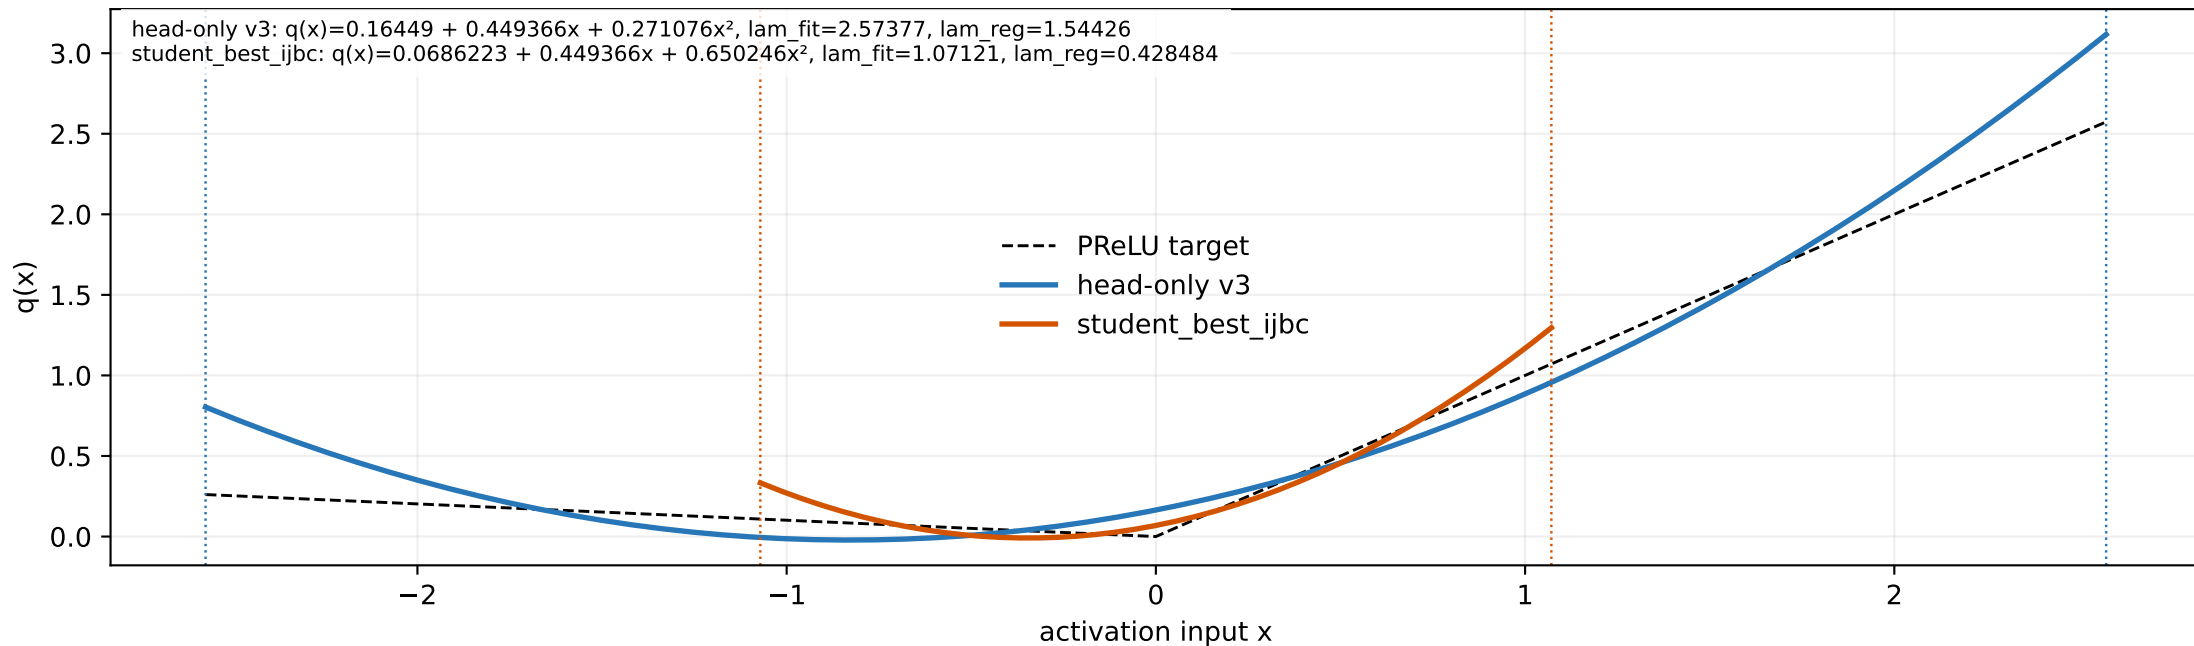

All channels in own normalized interval

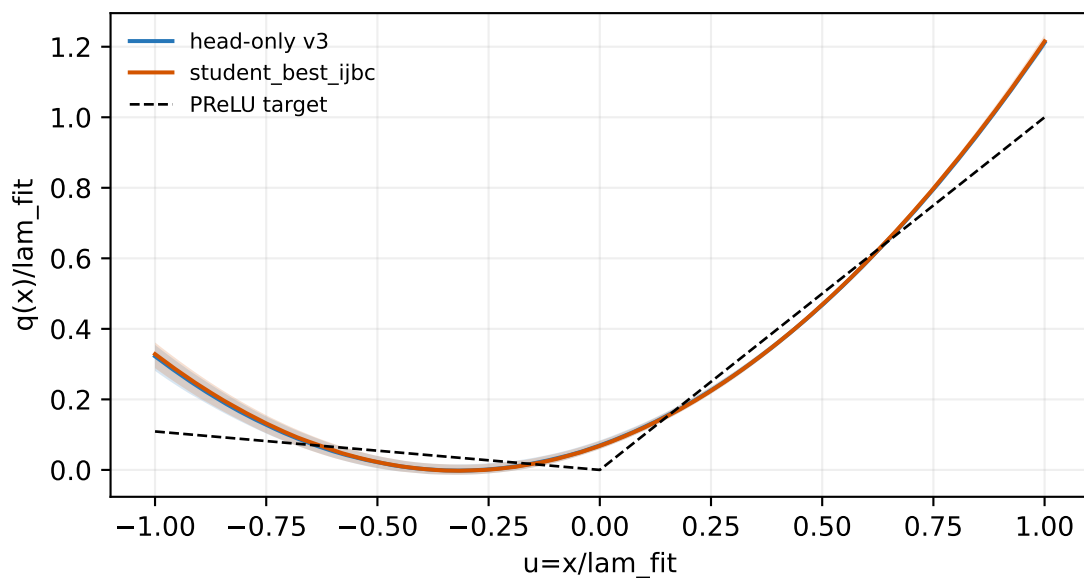

Every channel (ordered by left lam_fit)

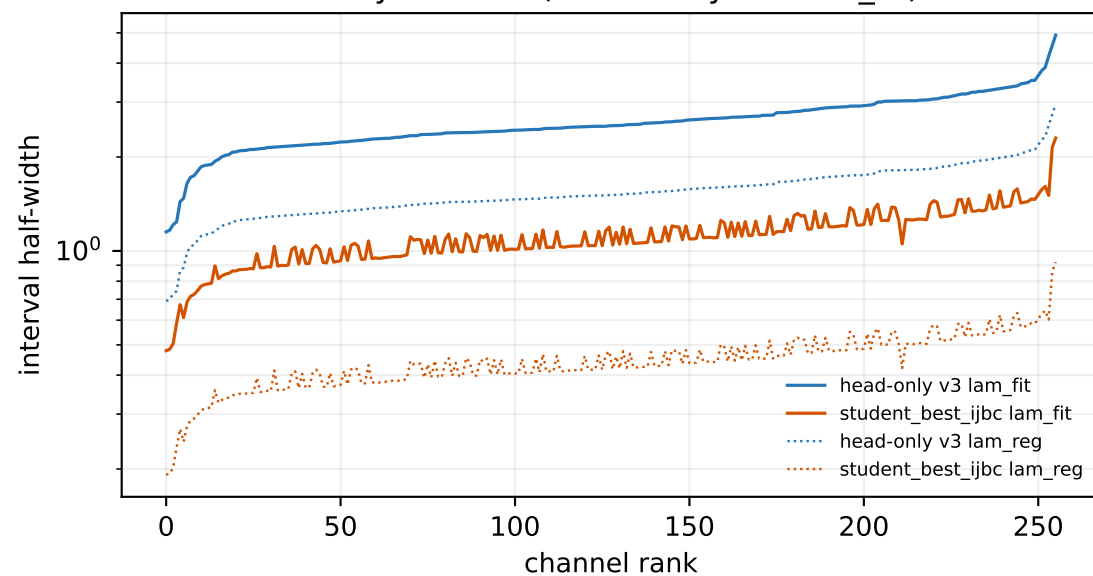

Representative paired channel 93: raw-x polynomial

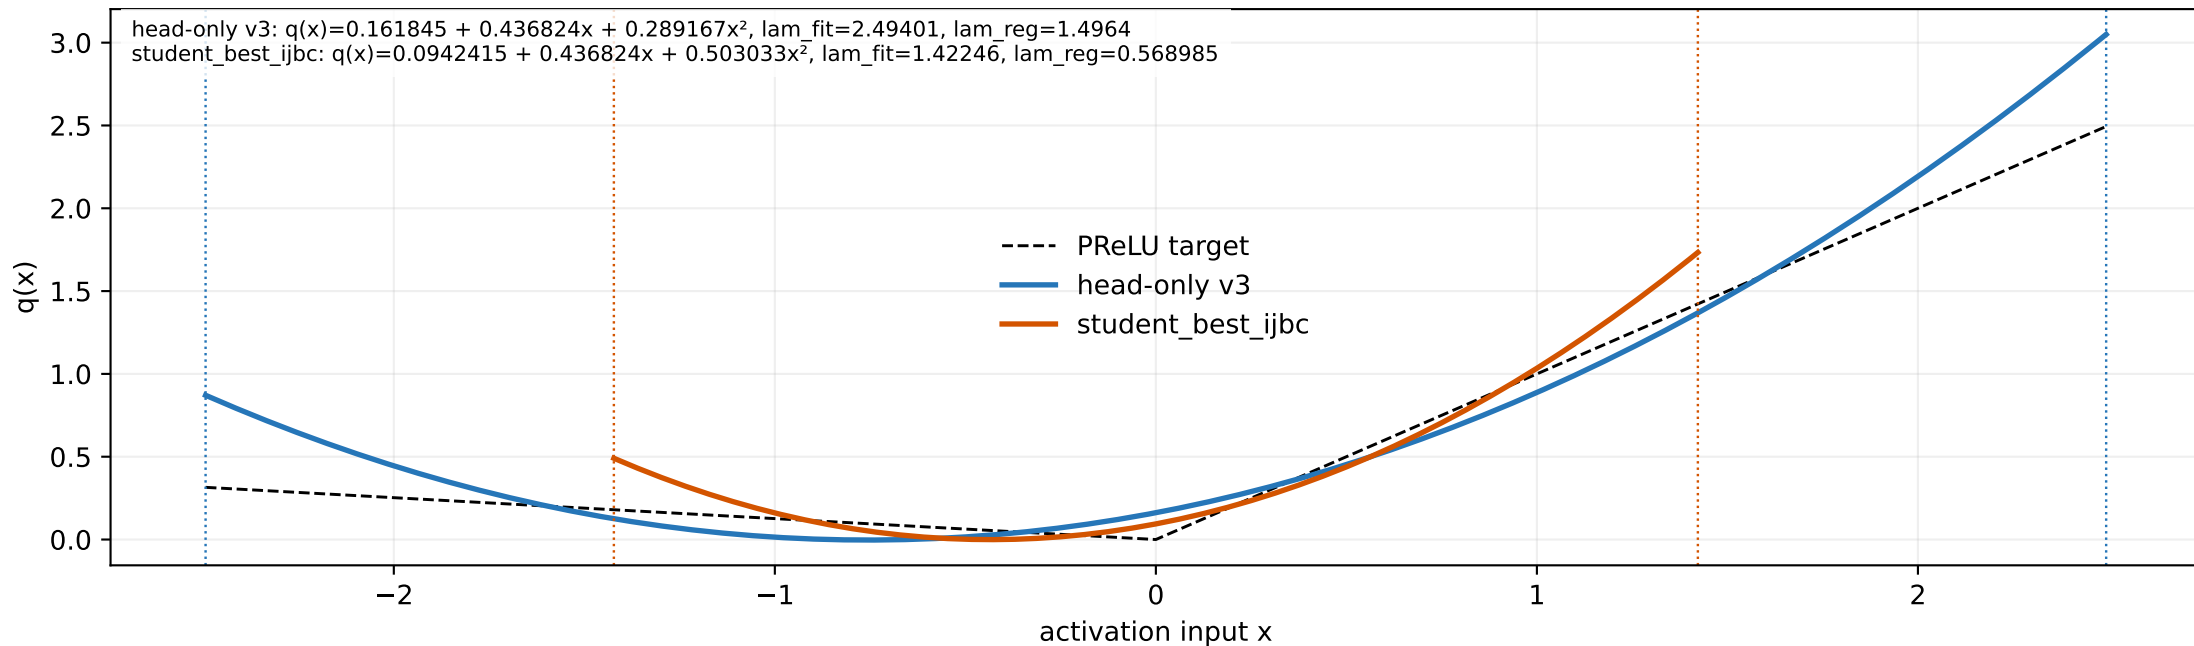

All channels in own normalized interval

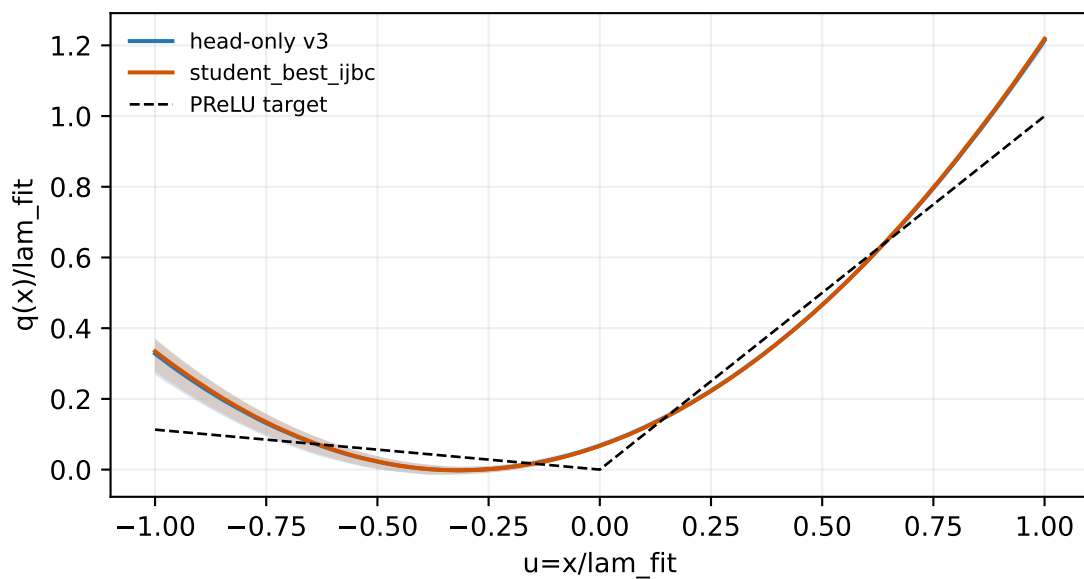

Every channel (ordered by left lam_fit)

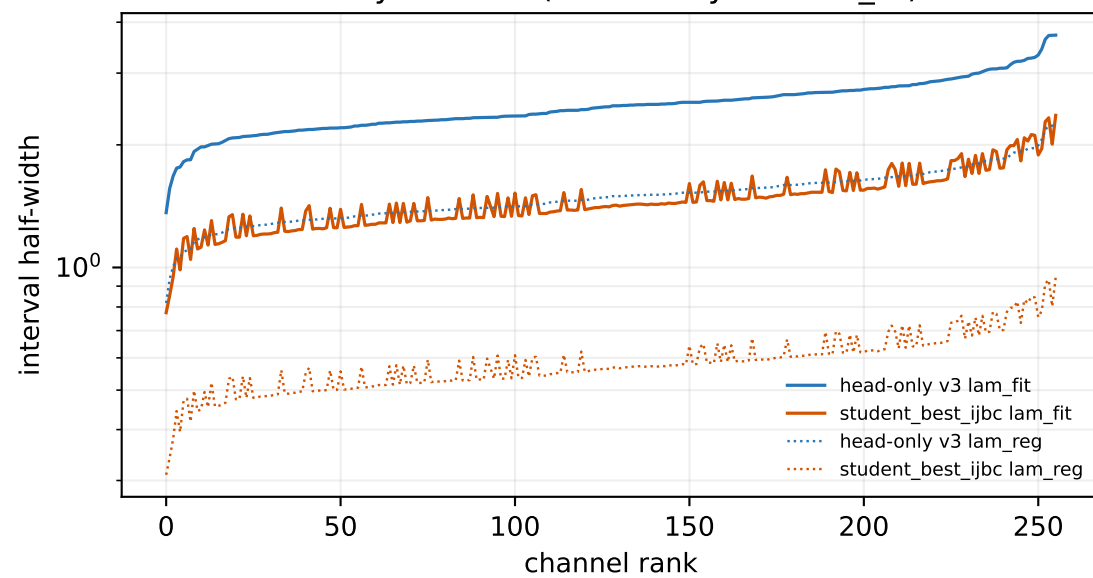

Representative paired channel 11: raw-x polynomial

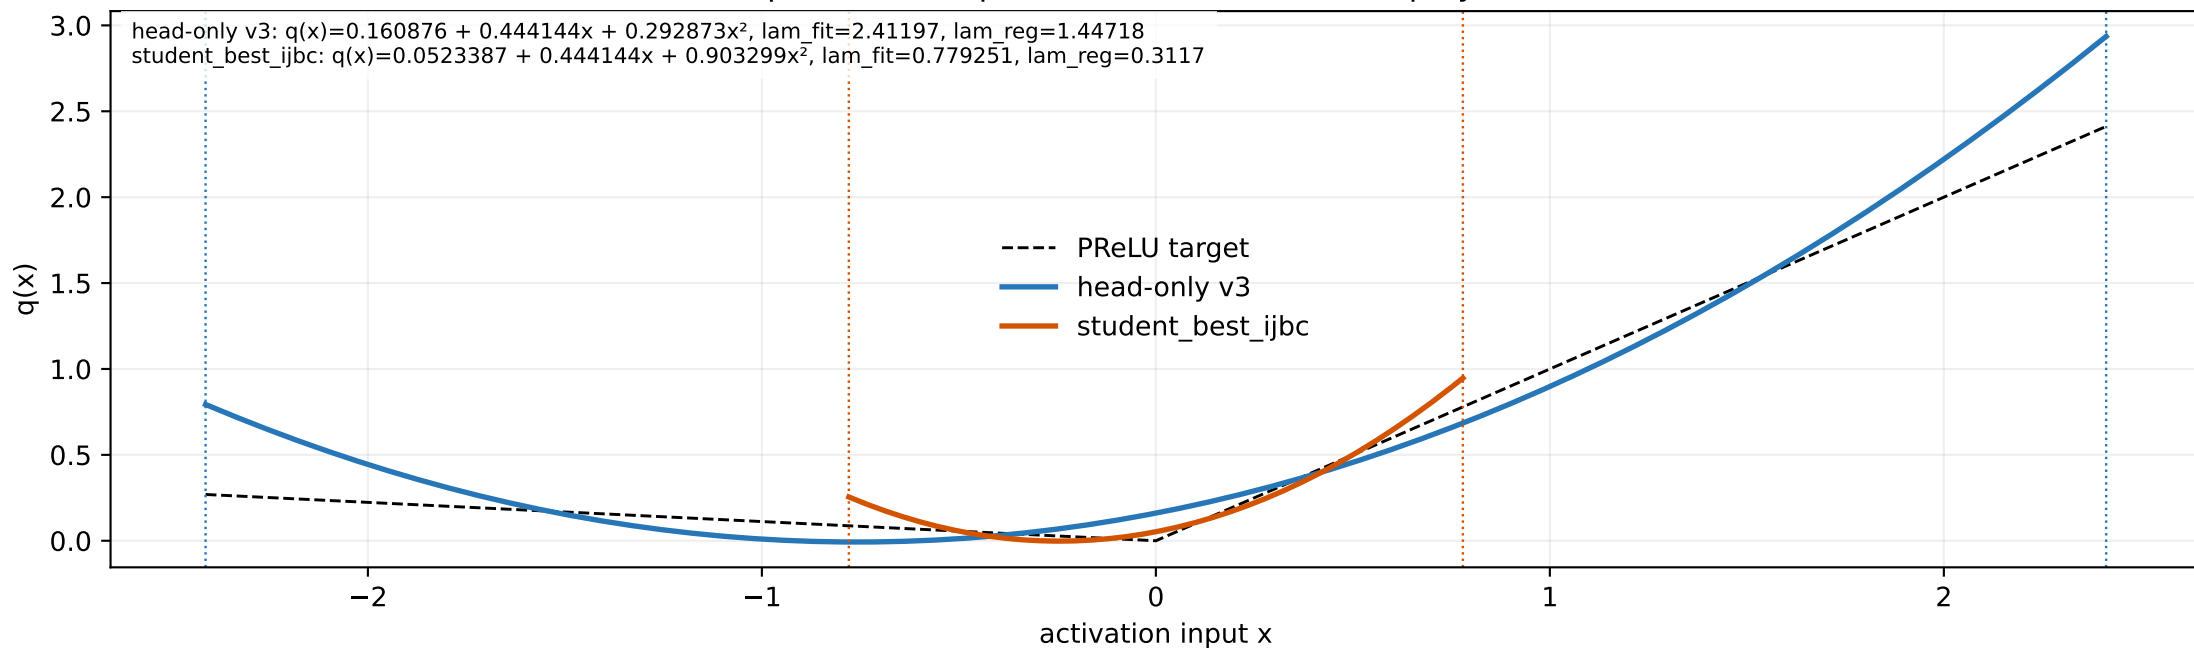

All channels in own normalized interval

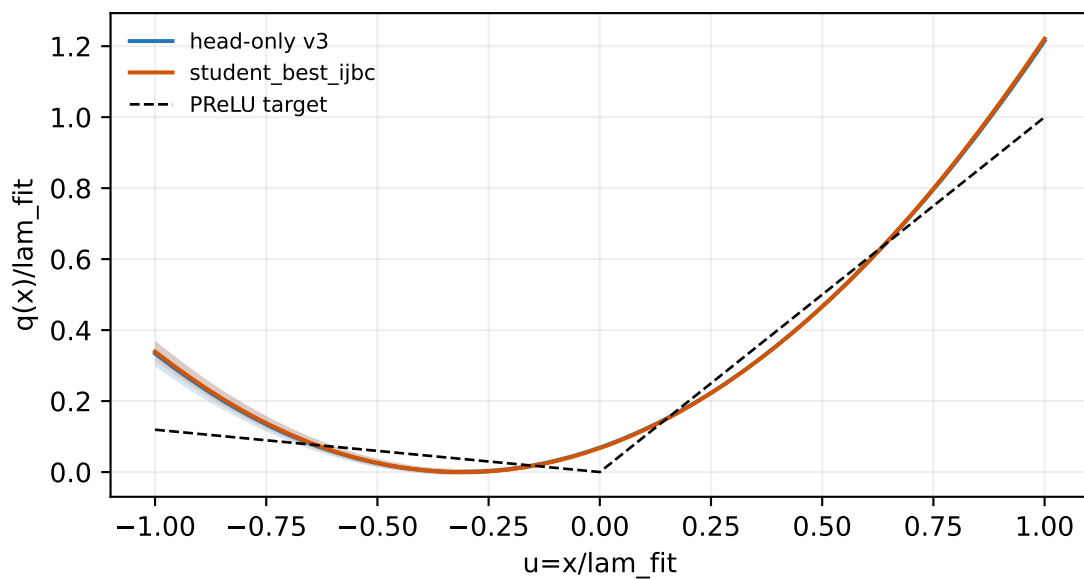

Every channel (ordered by left lam_fit)

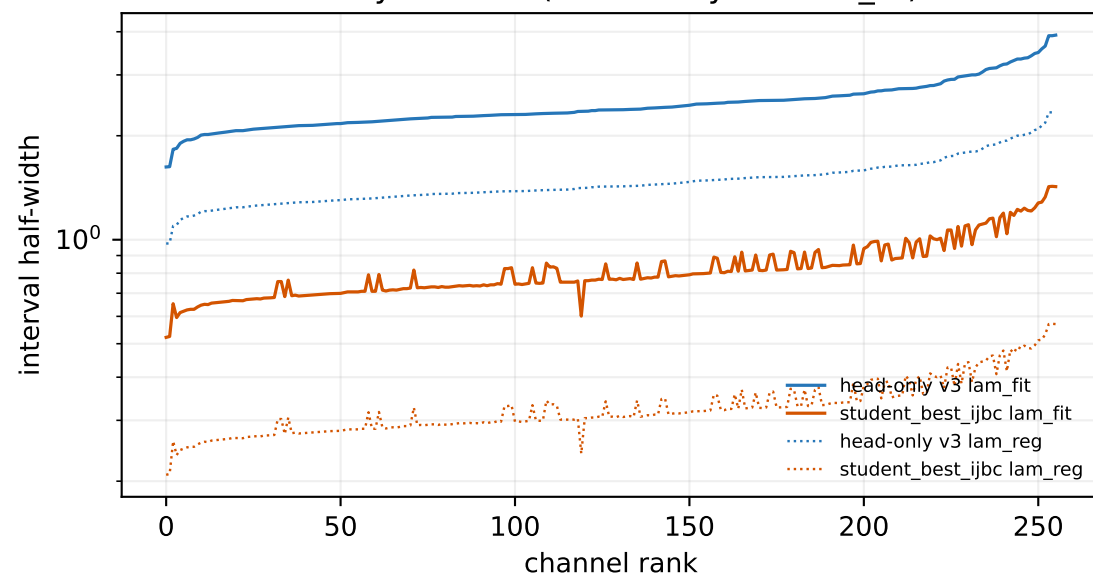

Representative paired channel 128: raw-x polynomial

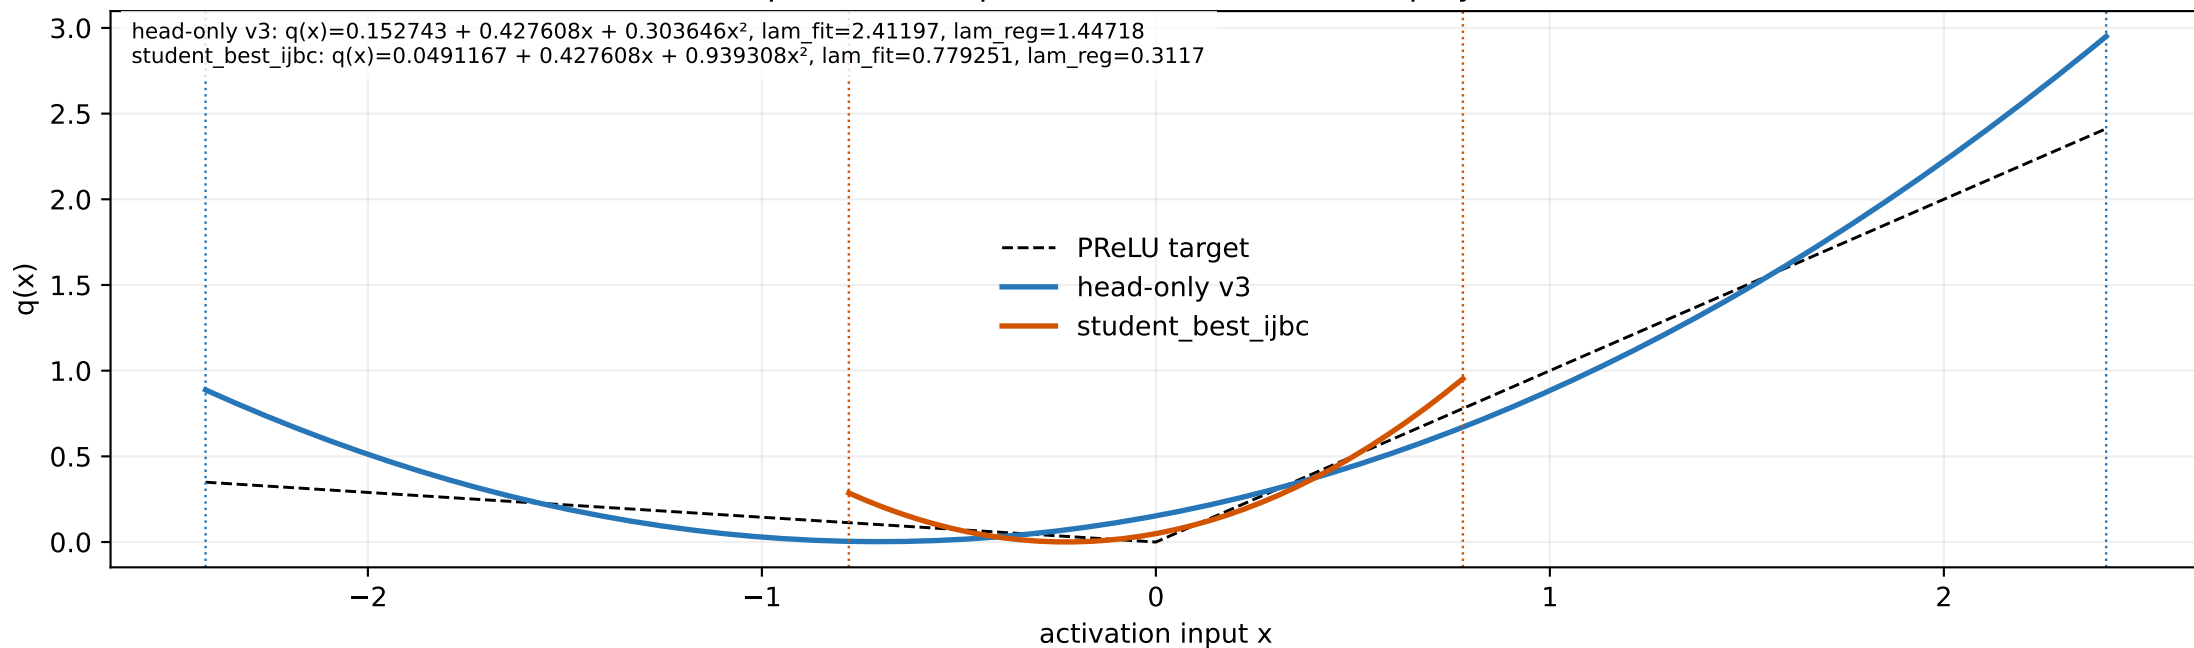

All channels in own normalized interval

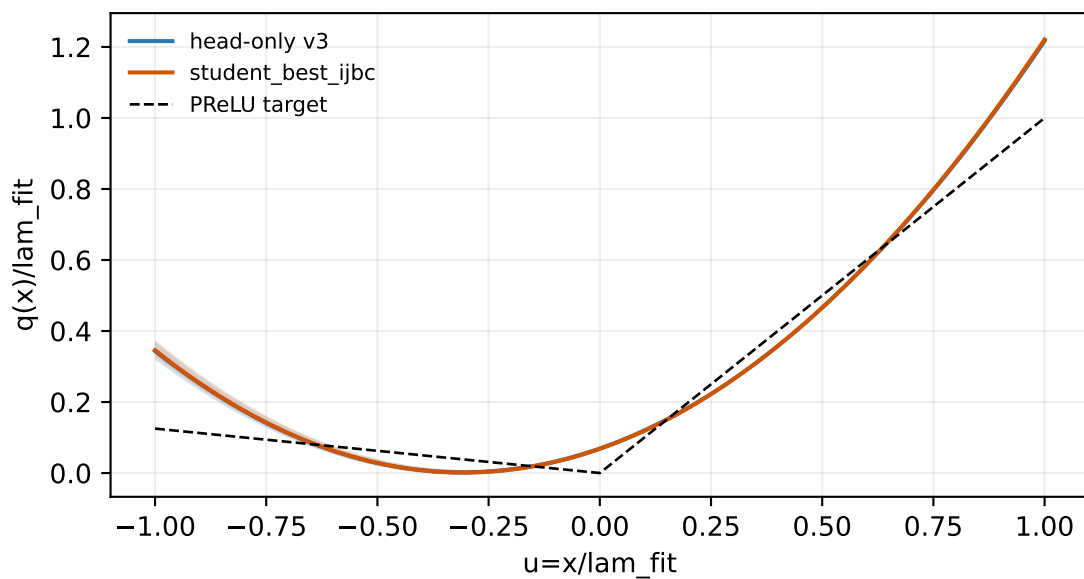

Every channel (ordered by left lam_fit)

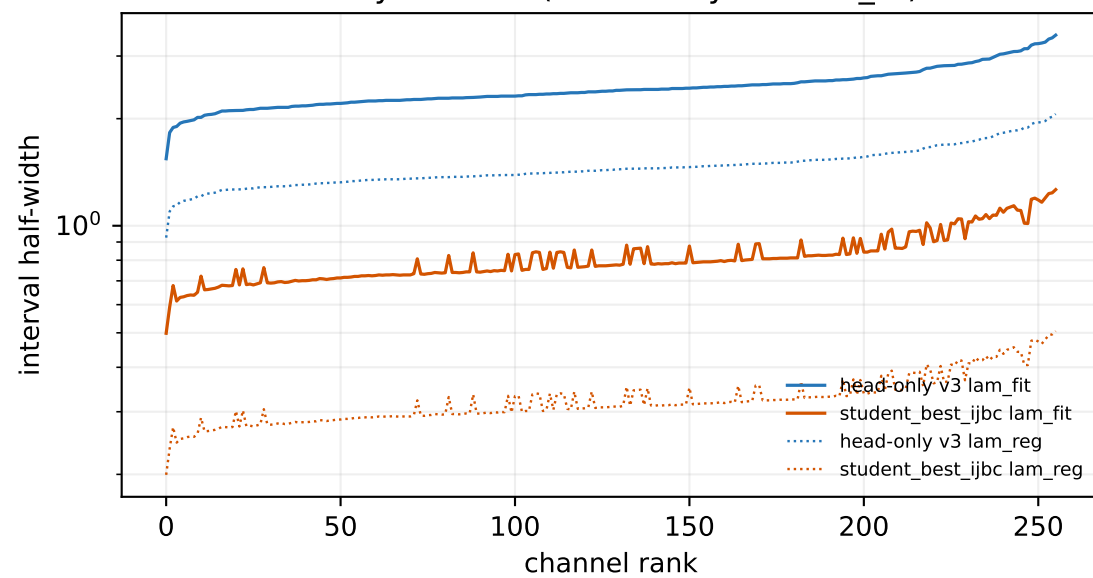

Representative paired channel 105: raw-x polynomial

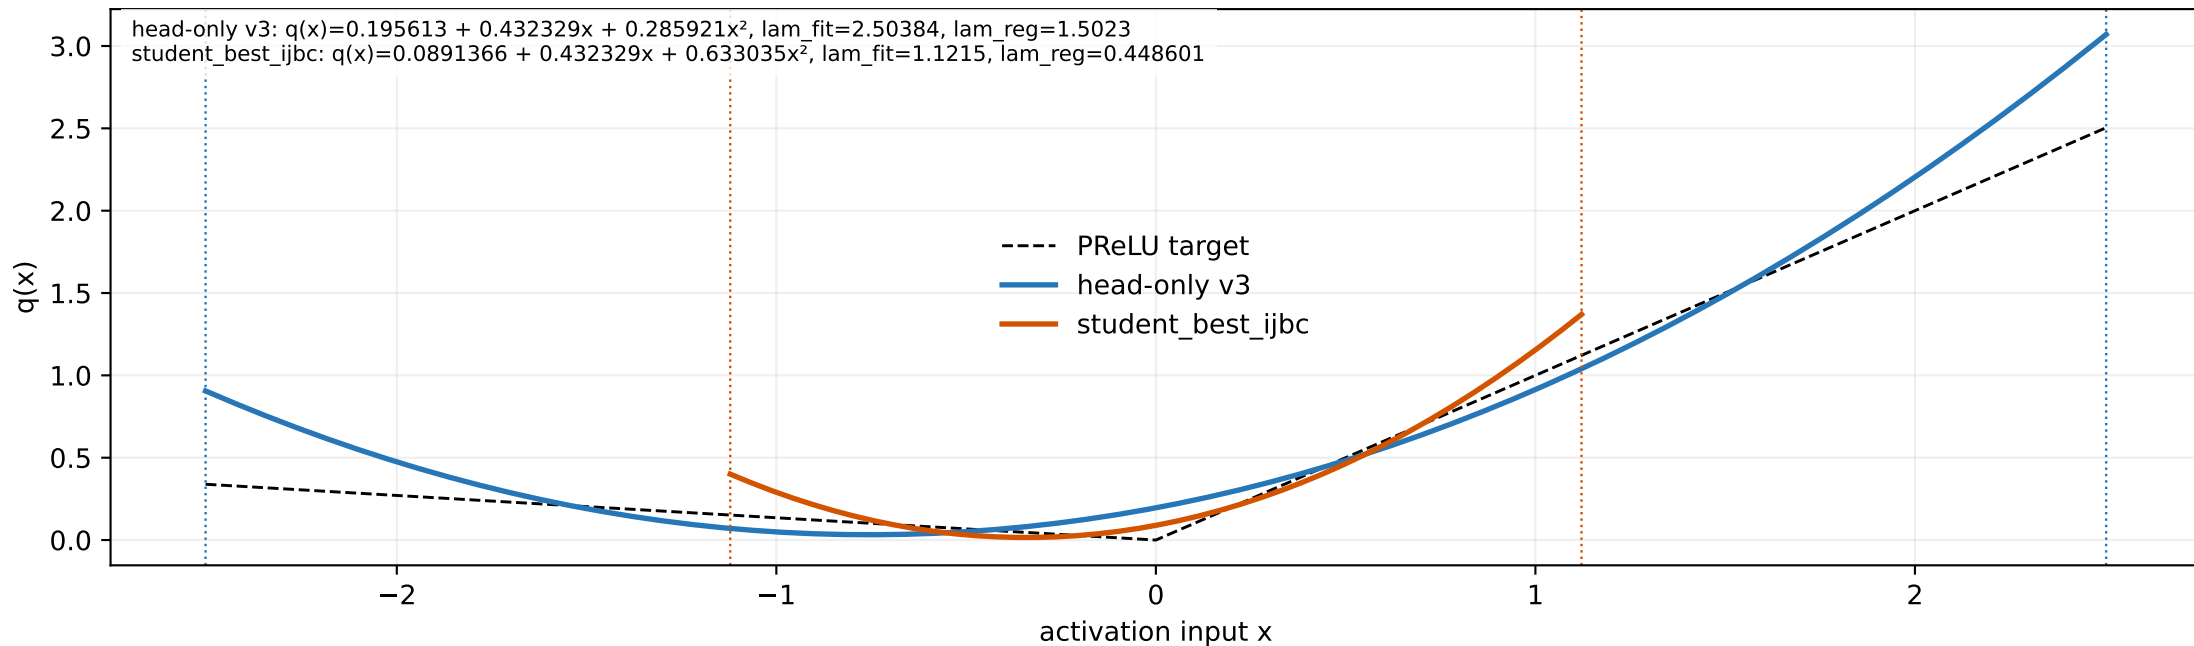

All channels in own normalized interval

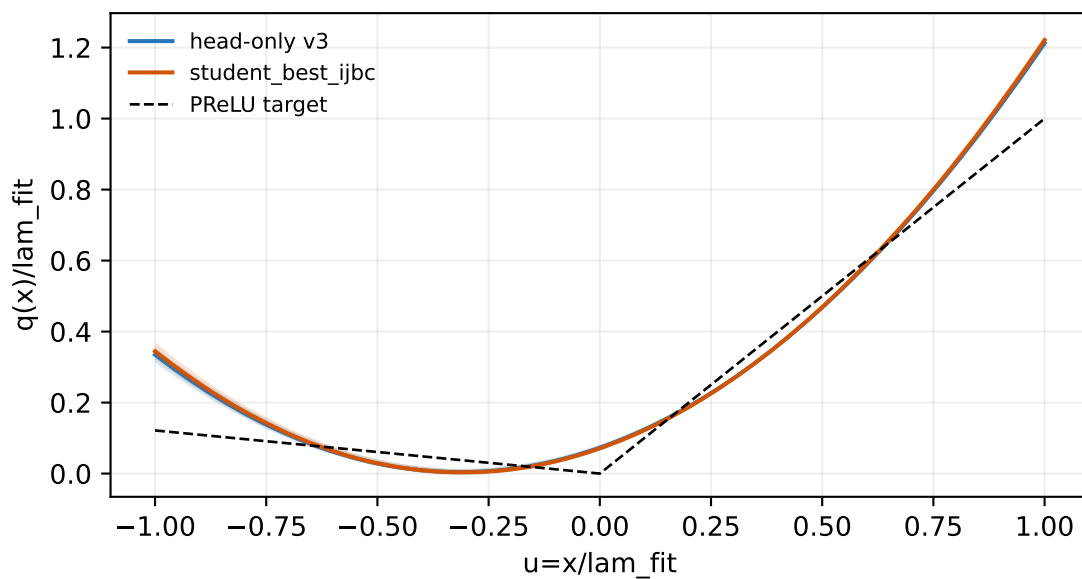

Every channel (ordered by left lam_fit)

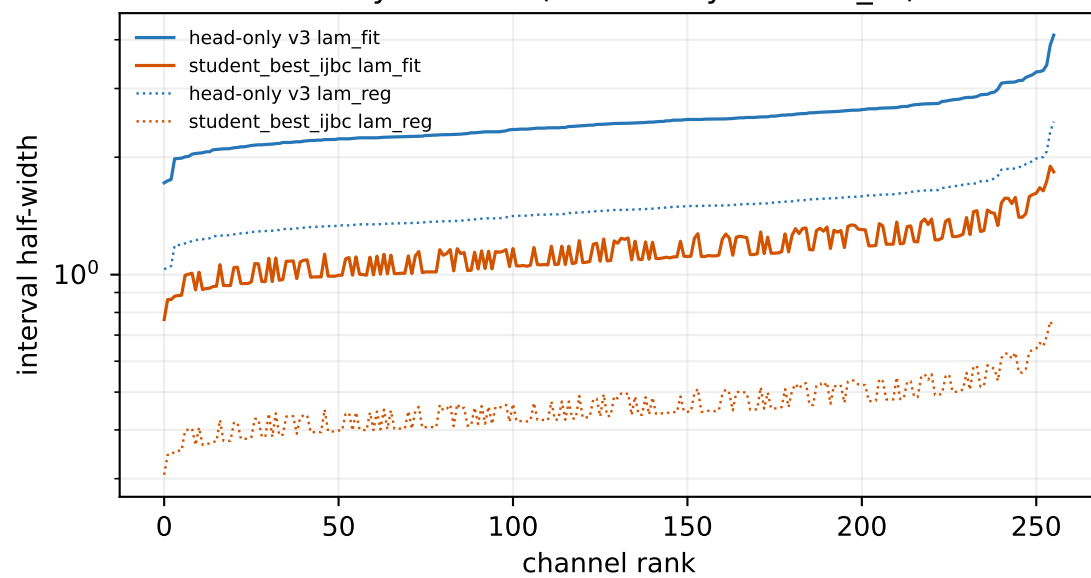

Representative paired channel 68: raw-x polynomial

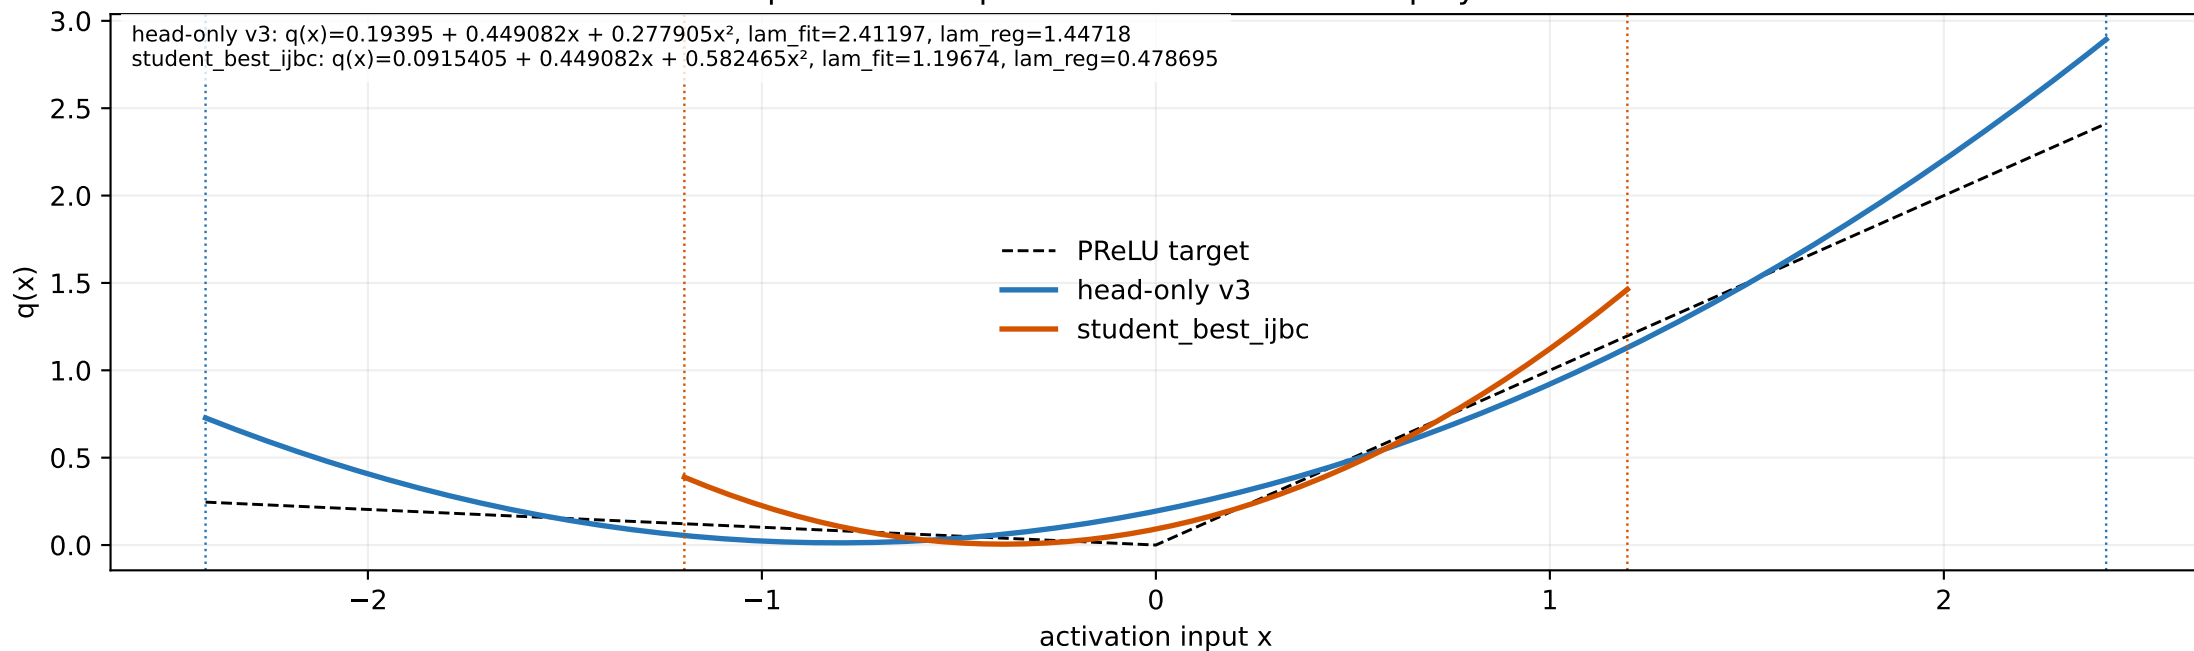

All channels in own normalized interval

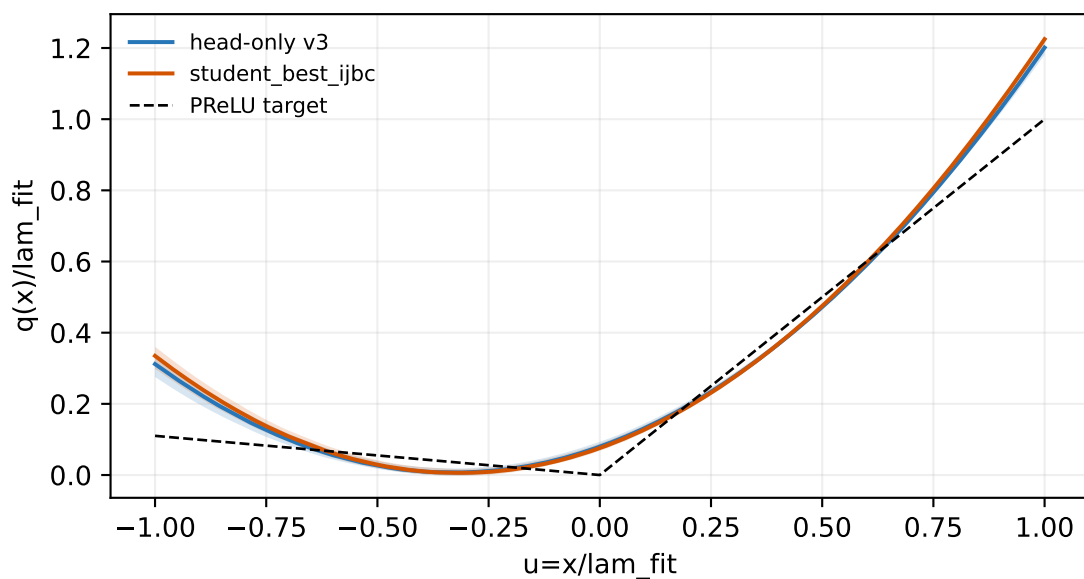

Every channel (ordered by left lam_fit)

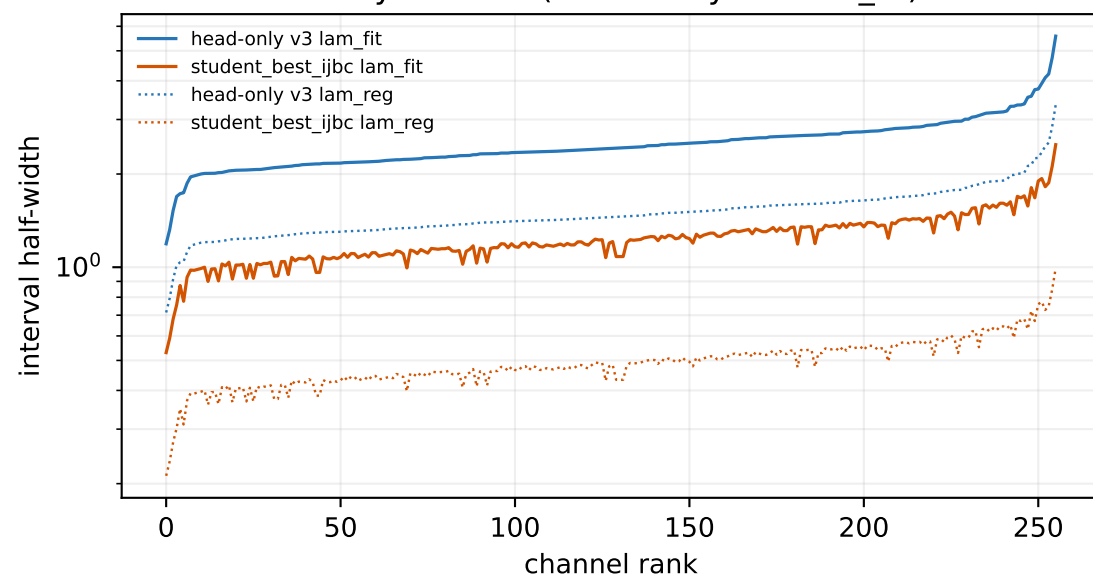

Representative paired channel 138: raw-x polynomial

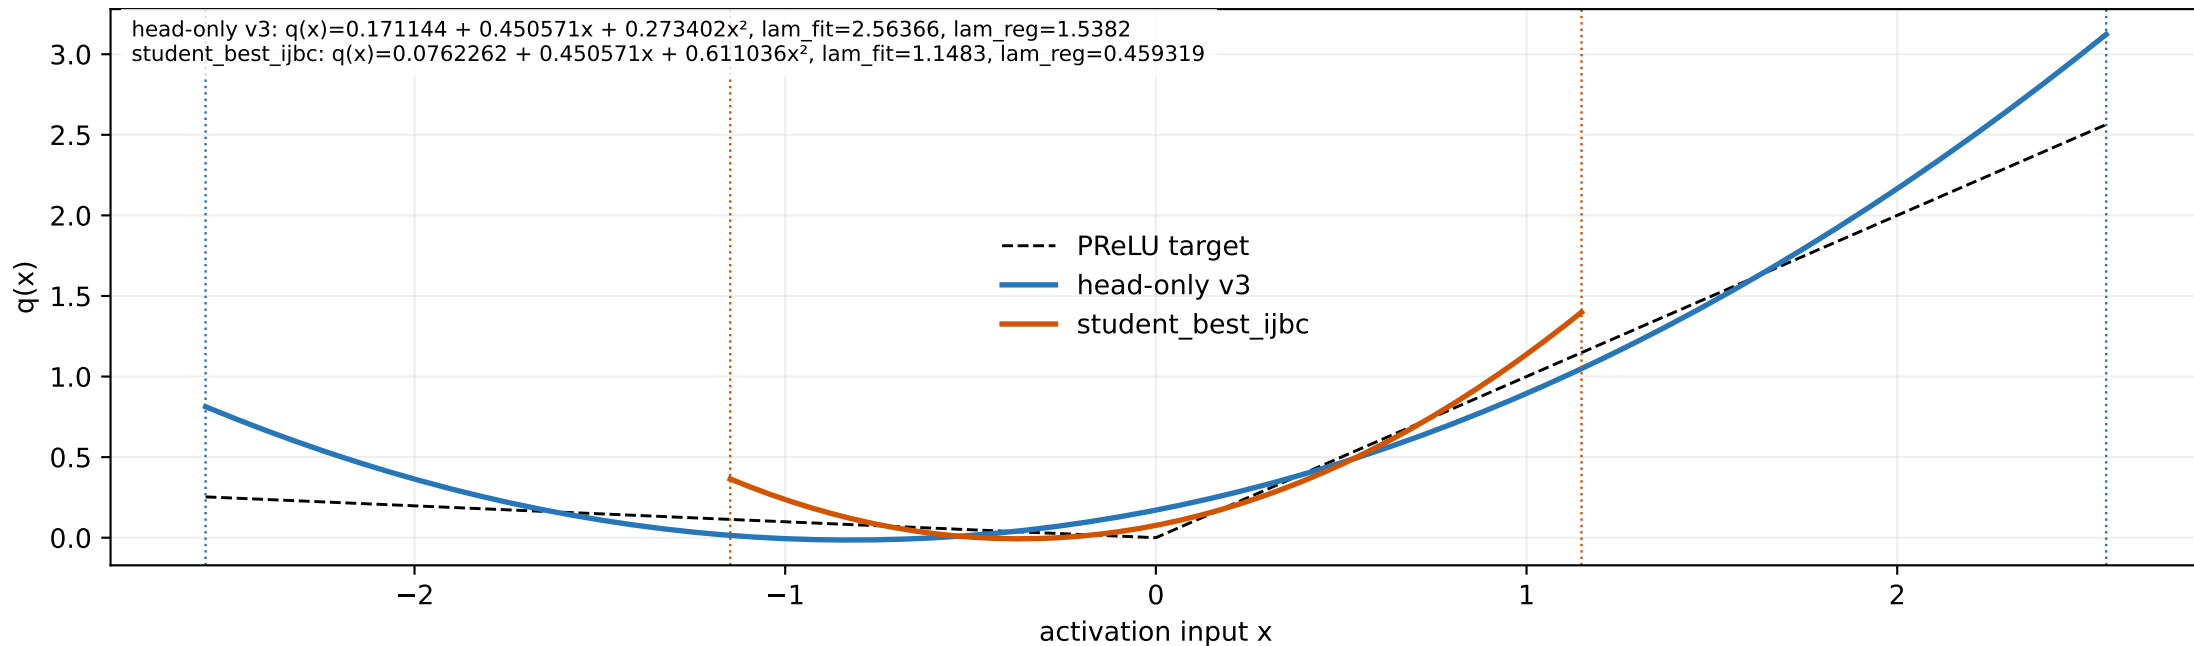

All channels in own normalized interval

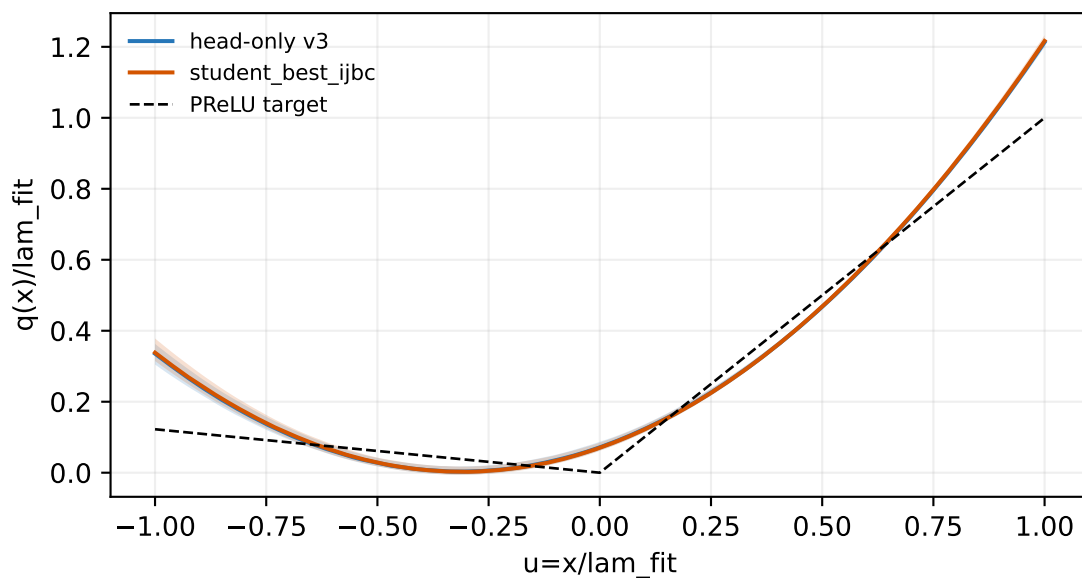

Every channel (ordered by left lam_fit)

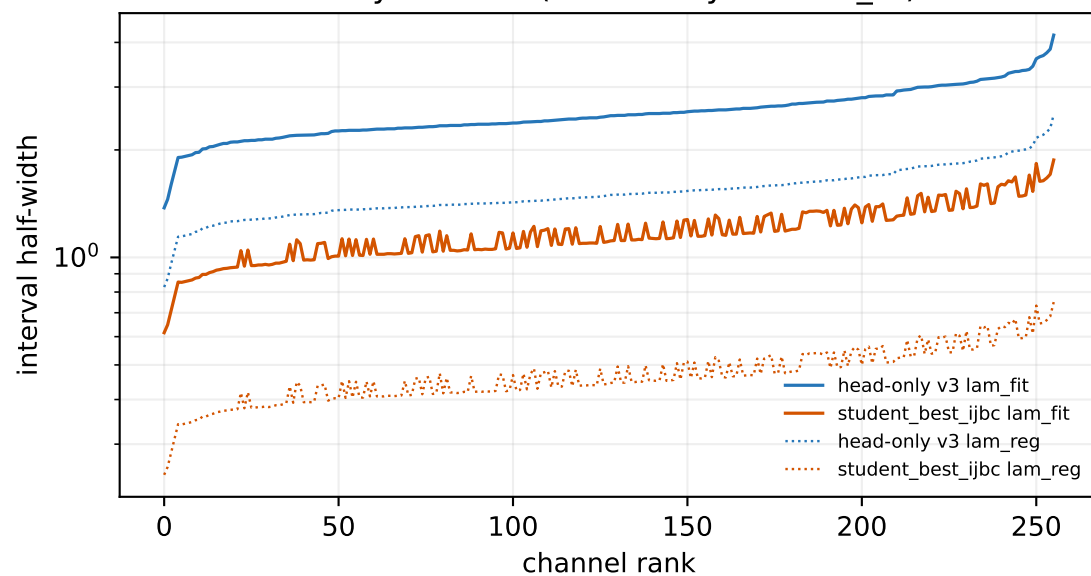

Representative paired channel 210: raw-x polynomial

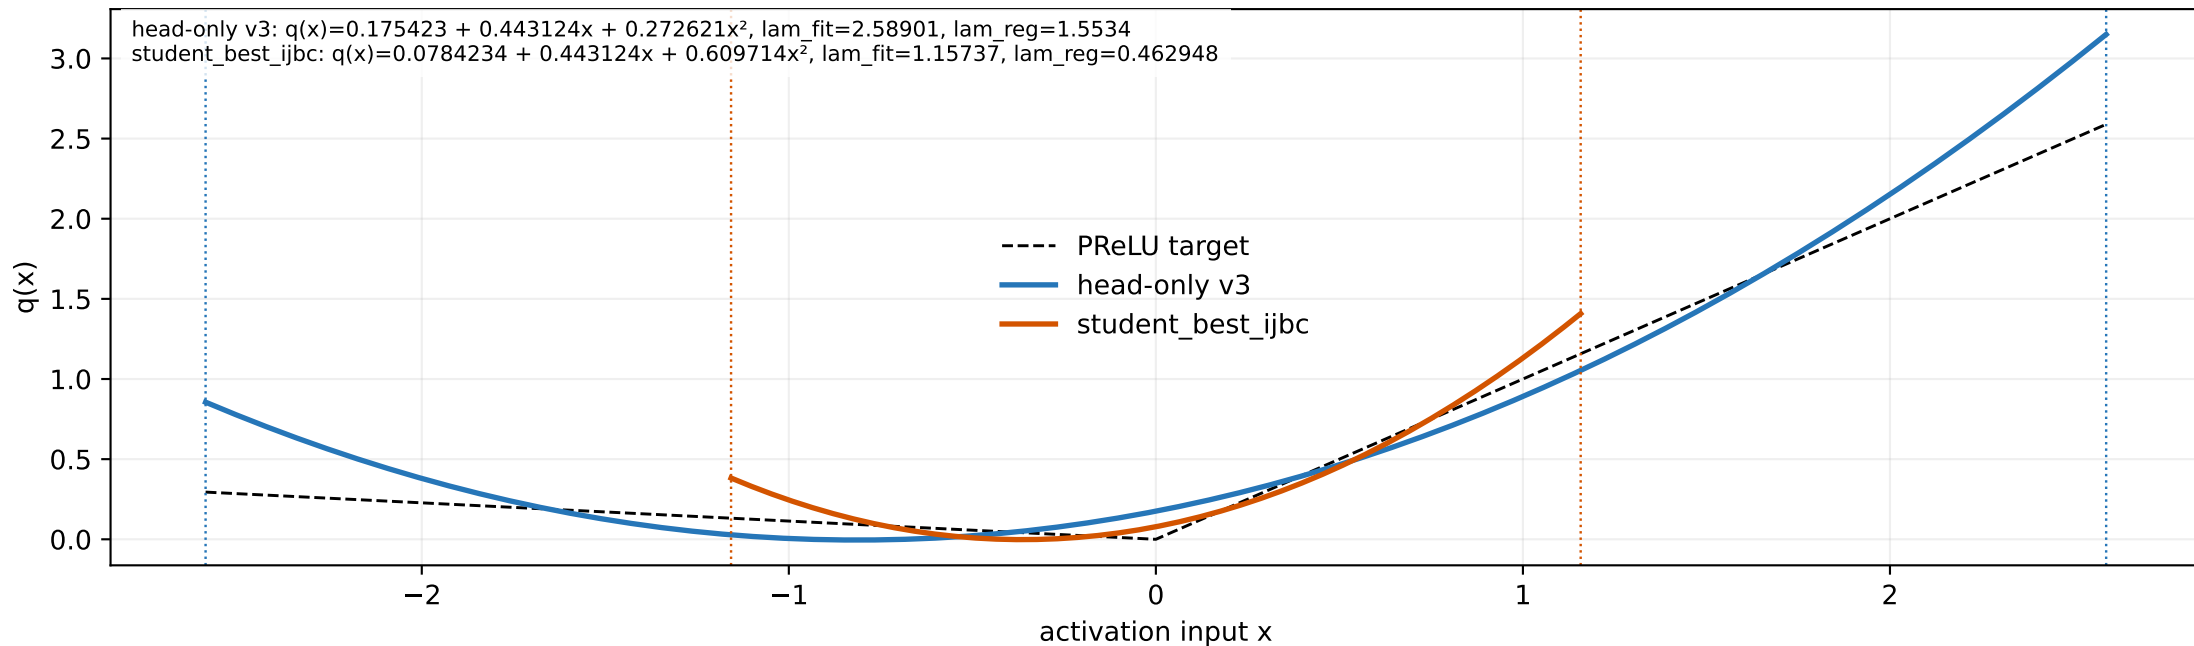

All channels in own normalized interval

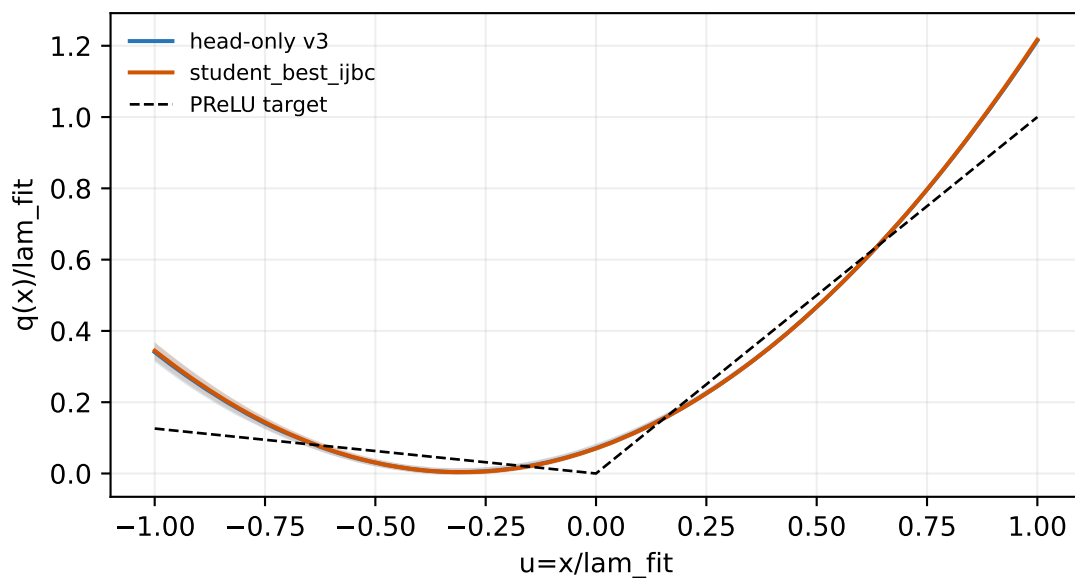

Every channel (ordered by left lam_fit)

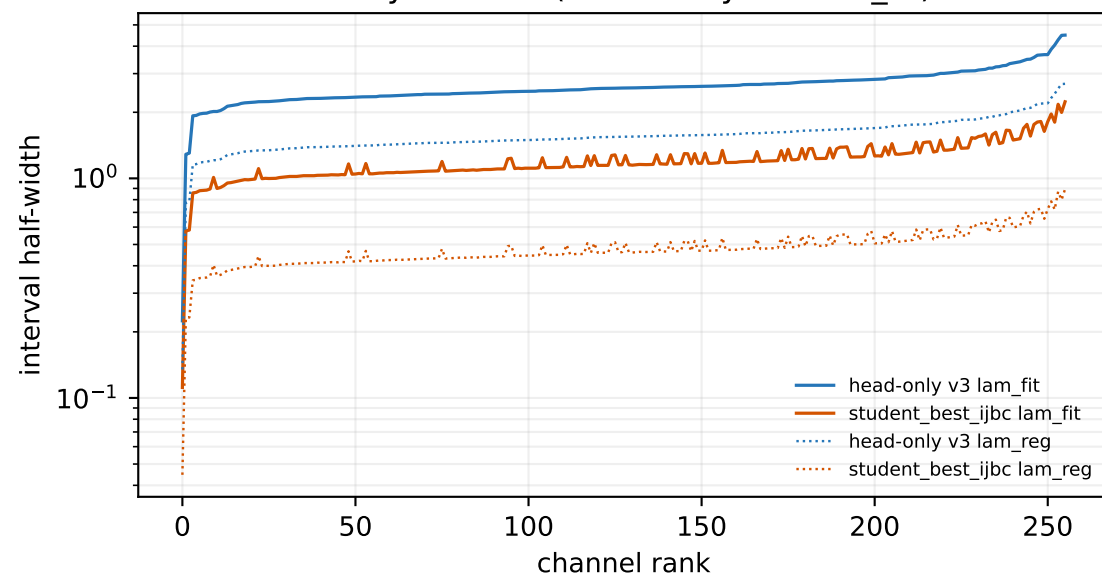

Representative paired channel 219: raw-x polynomial

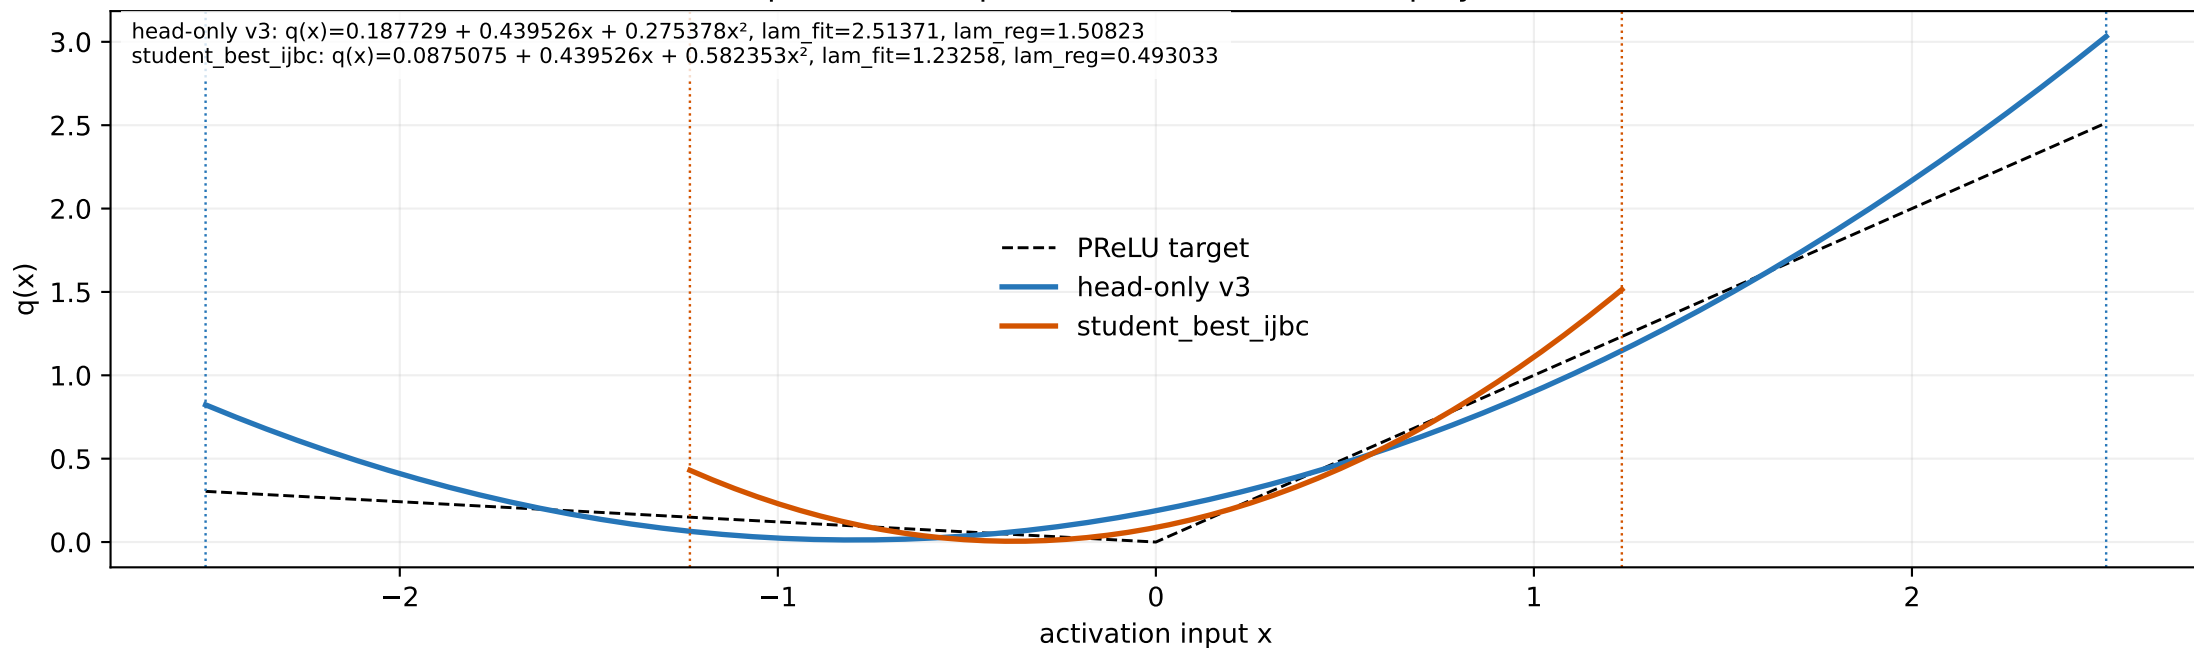

All channels in own normalized interval

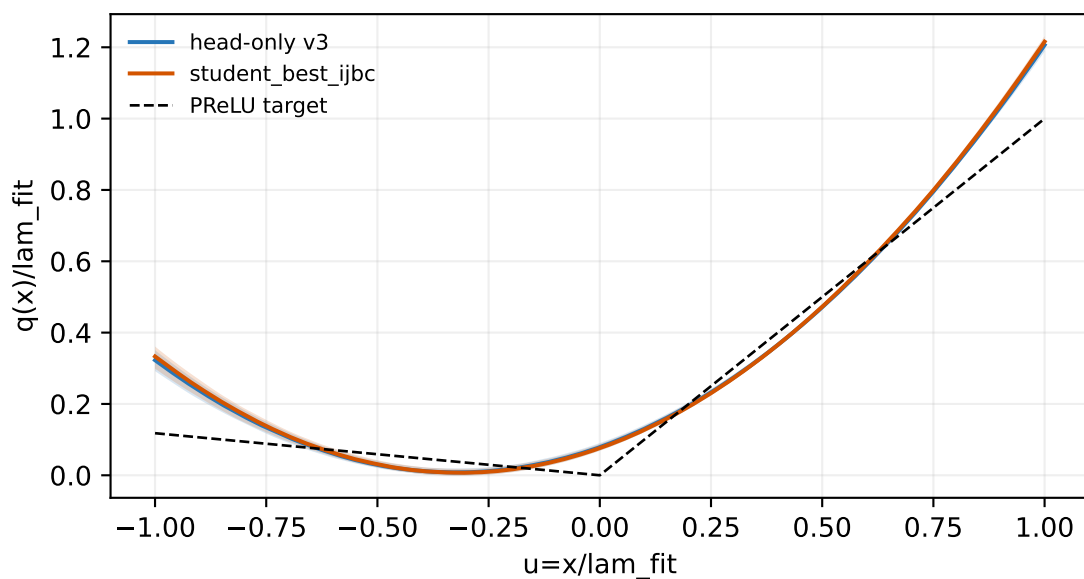

Every channel (ordered by left lam_fit)

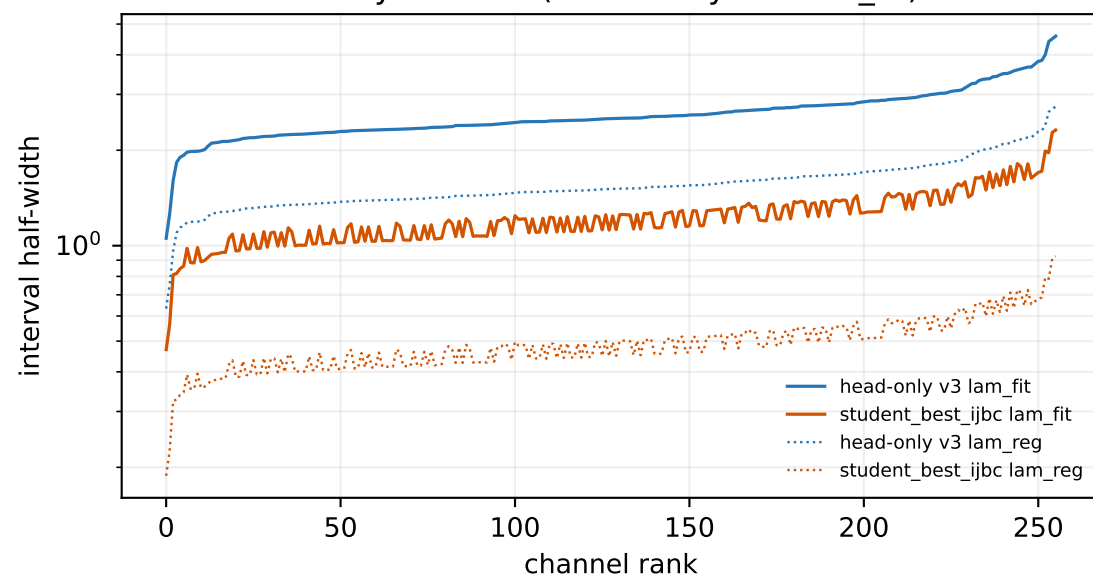

Representative paired channel 114: raw-x polynomial

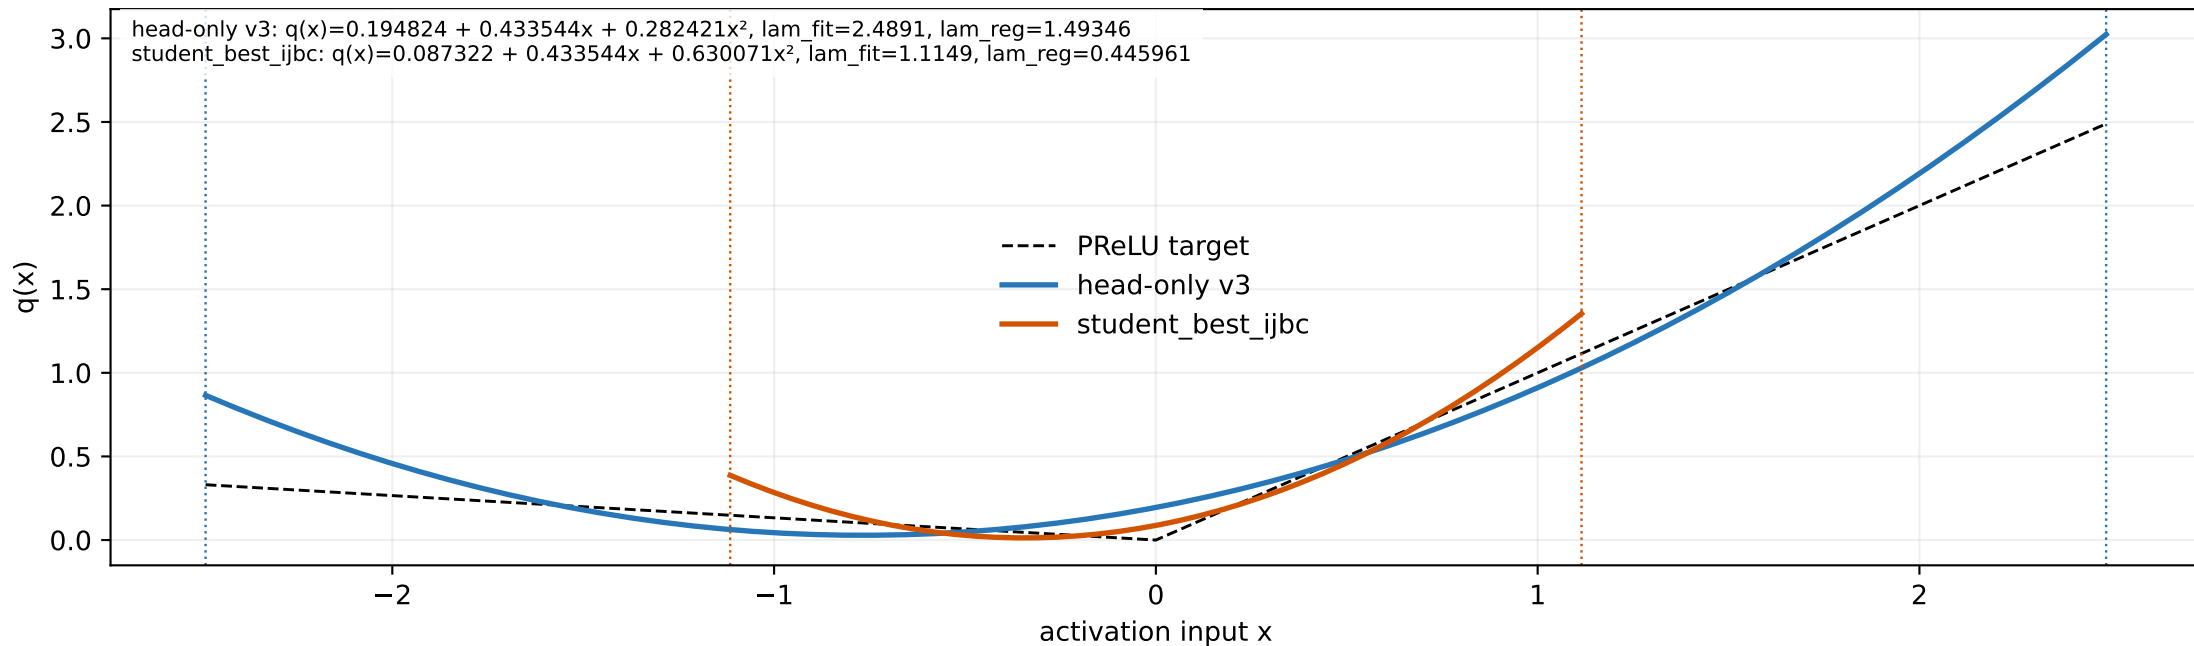

All channels in own normalized interval

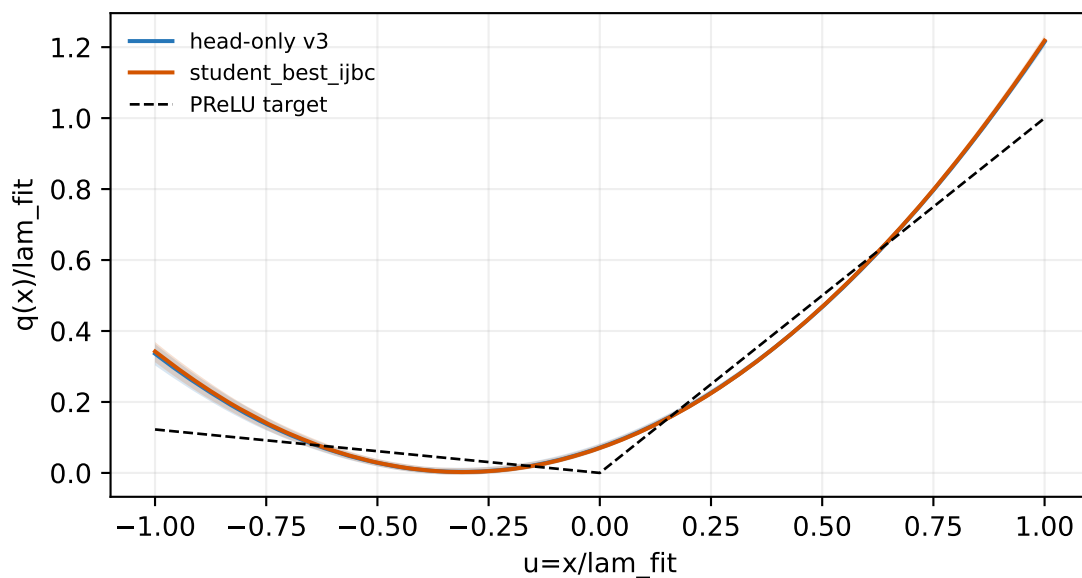

Every channel (ordered by left lam_fit)

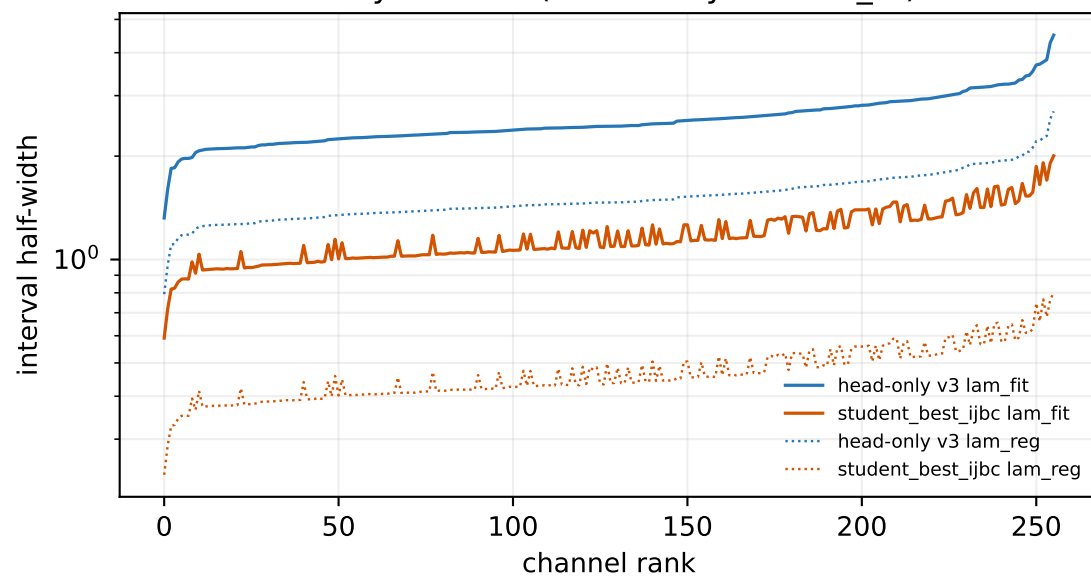

Representative paired channel 237: raw-x polynomial

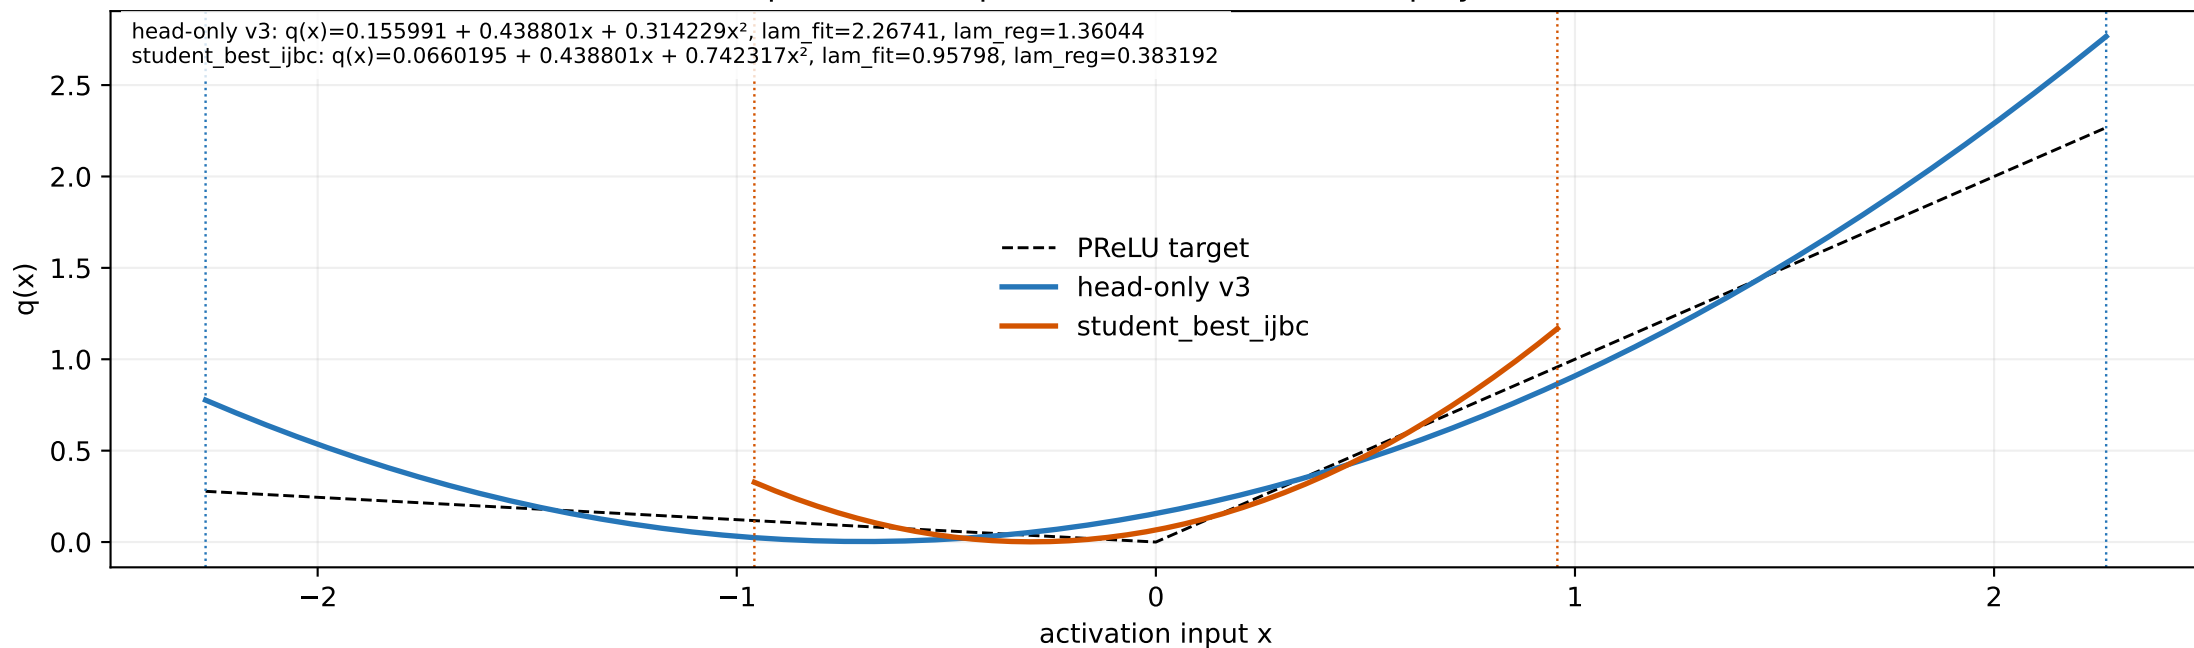

All channels in own normalized interval

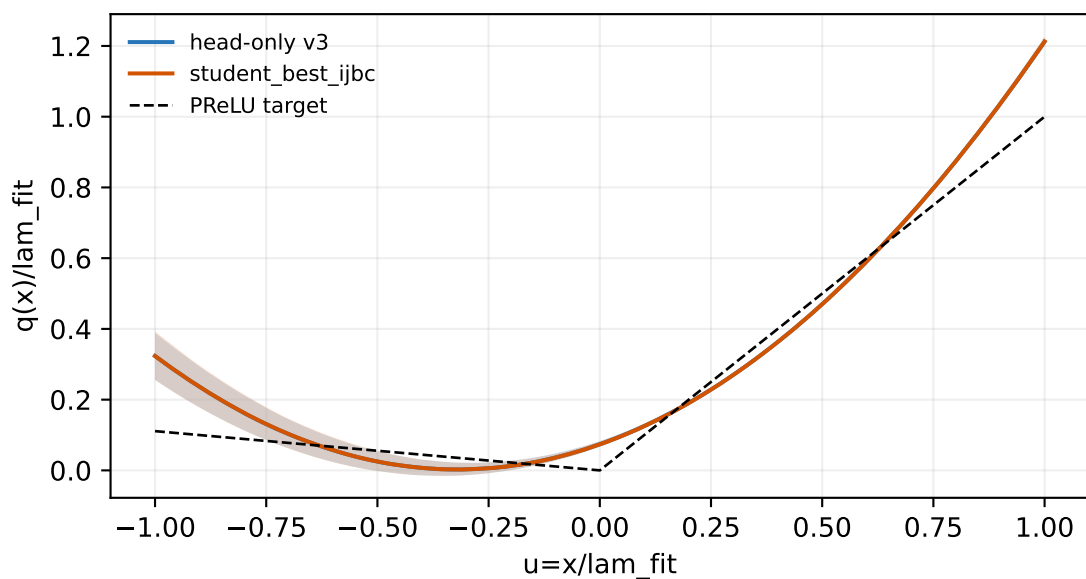

Every channel (ordered by left lam_fit)

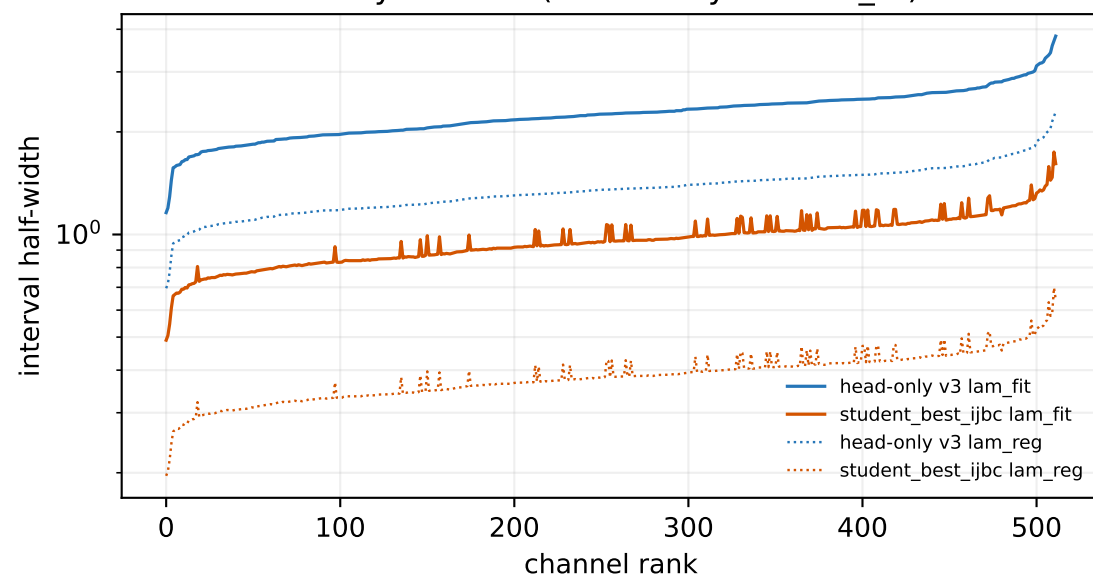

Representative paired channel 149: raw-x polynomial

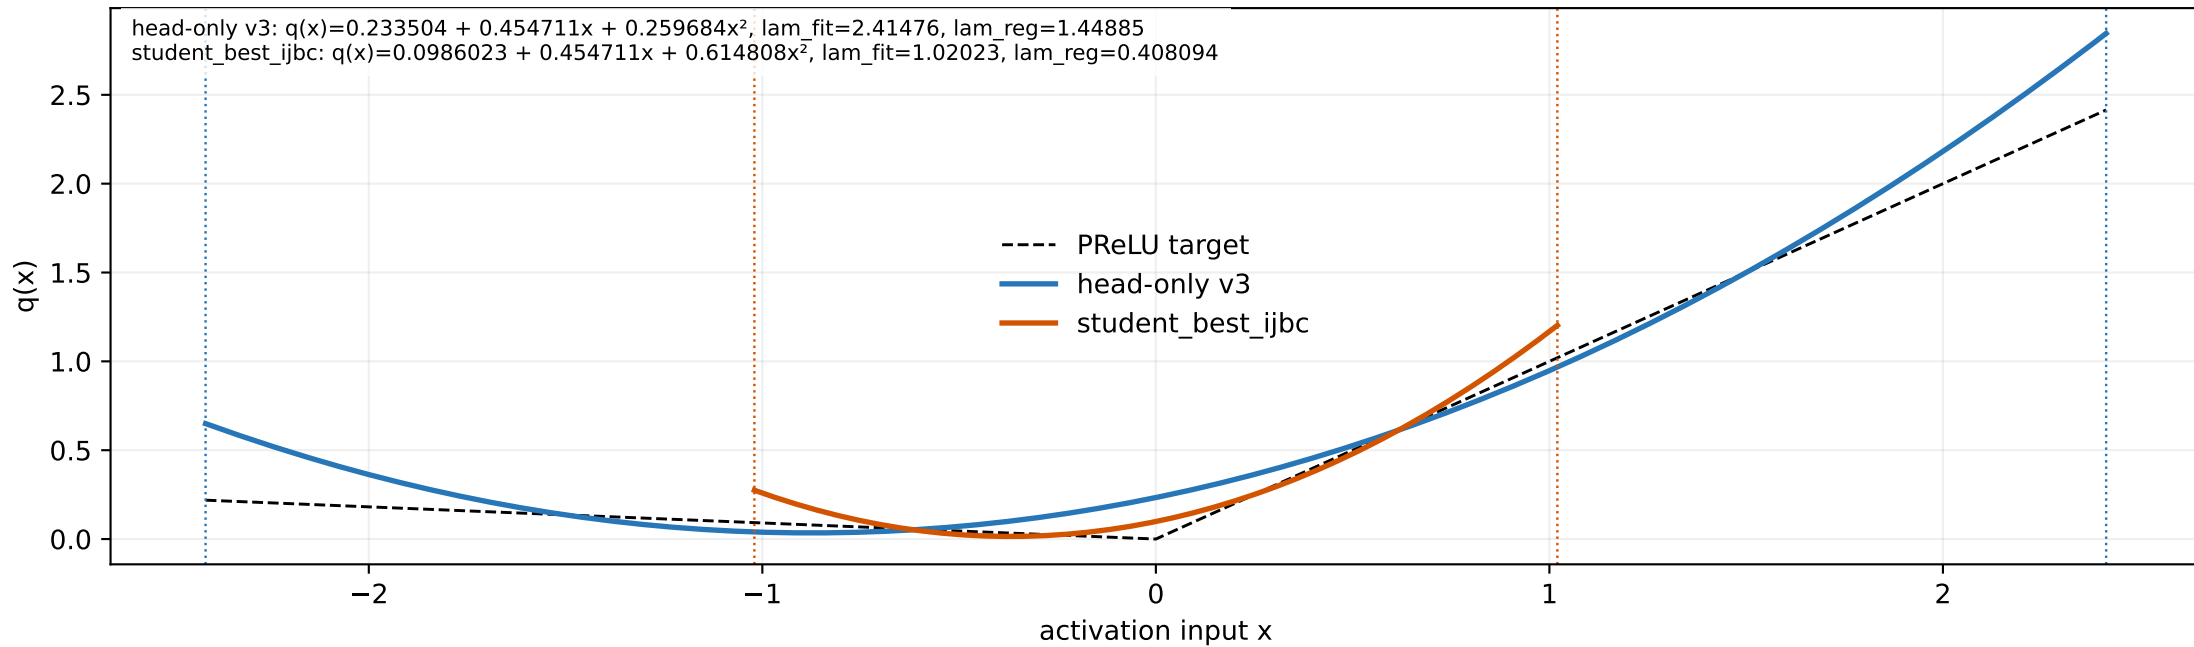

All channels in own normalized interval

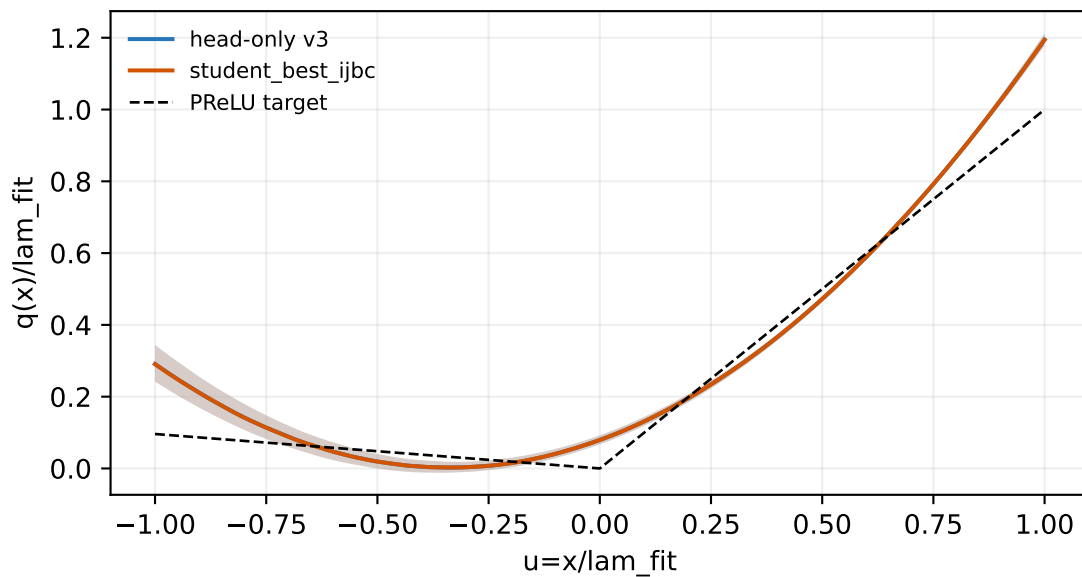

Every channel (ordered by left lam_fit)

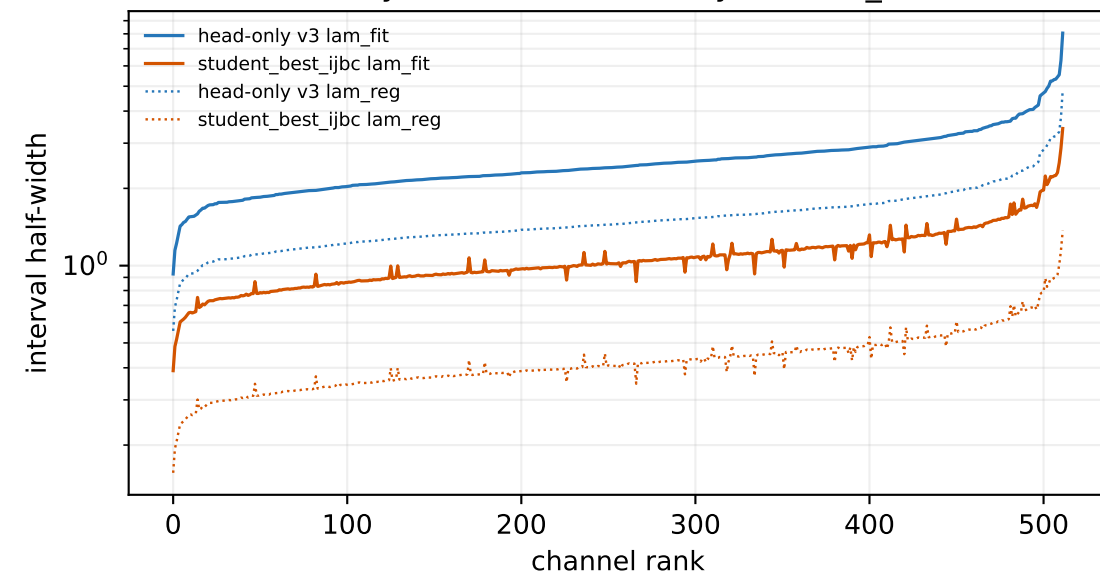

Representative paired channel 228: raw-x polynomial

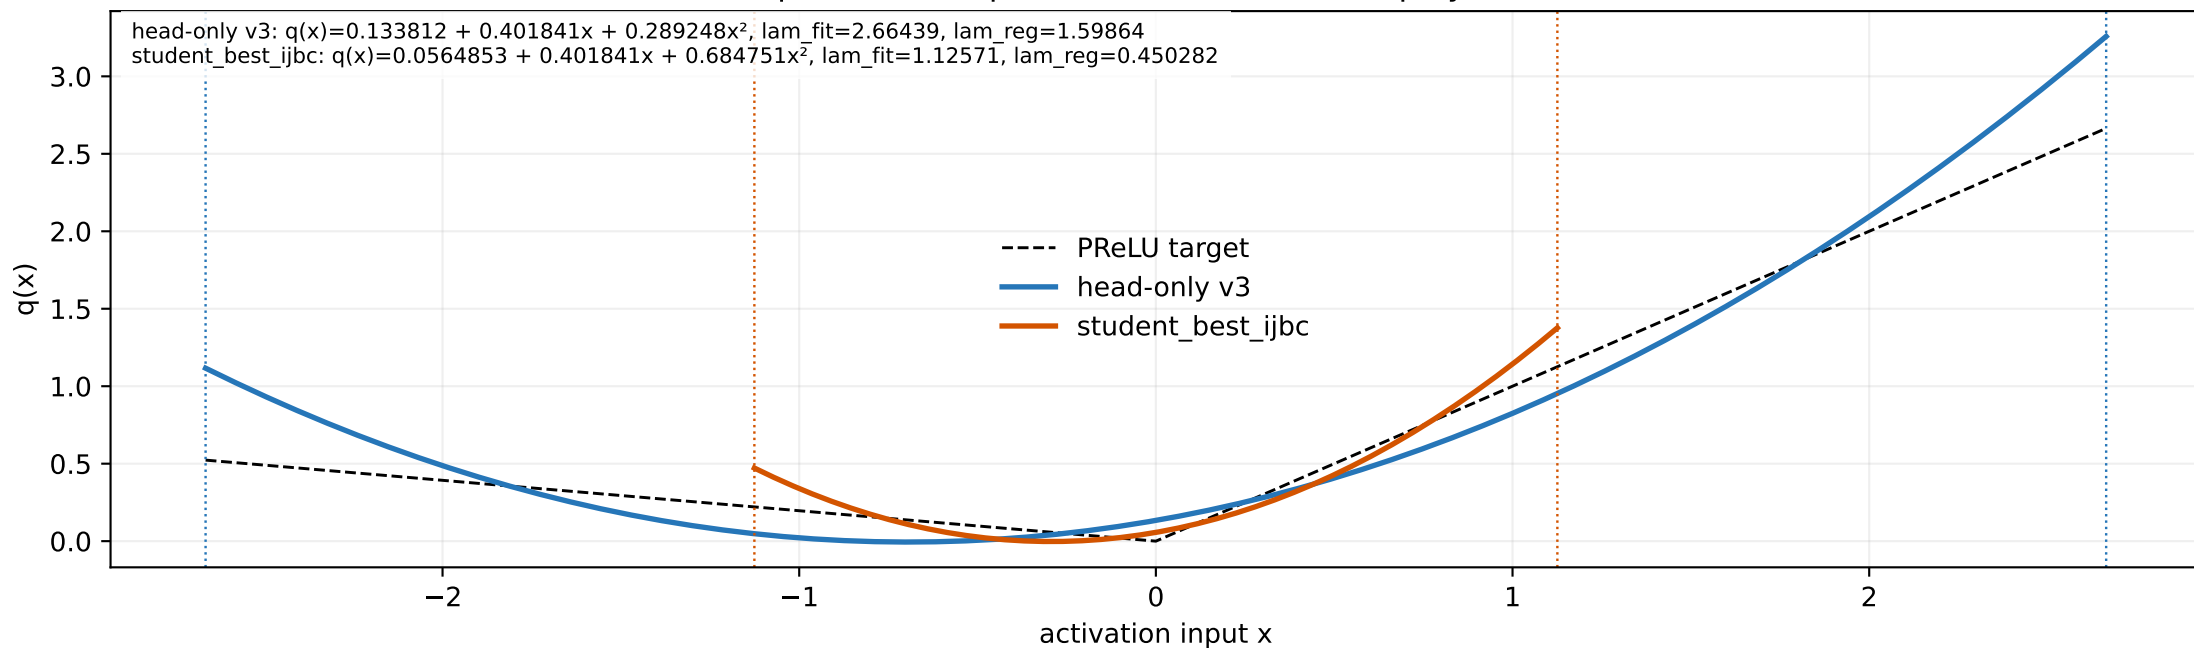

All channels in own normalized interval

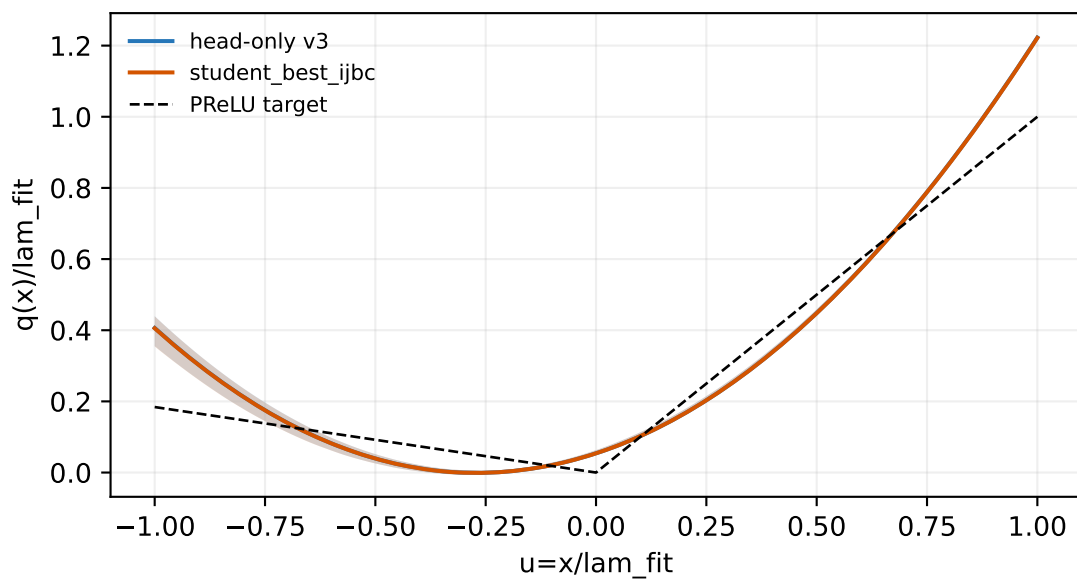

Every channel (ordered by left lam_fit)

Representative paired channel 18: raw-x polynomial

All channels in own normalized interval

Every channel (ordered by left lam_fit)
